

BENTON COMMUNITY
HIGH SCHOOL

2018 - 2019
HANDBOOK

Dear Benton Students and Parents,

Welcome to Benton Community High School!

We are excited to begin another school year and look forward to the challenges and success we will encounter along this journey. It is our goal to provide an individualized learning environment where all students are able to graduate being prepared for any college or career choice. Our staff is continually working towards this challenge! Benton Community is a great place to learn and work and this is only possible because of the great people in our school and community! We thank you for being a “Bobcat”!

Learning is a continuous dynamic interaction among students, educators, parents, and the extended community. We hope this school year provides the engagement and passion for learning that can occur anywhere and at any time. Learning is no longer limited by the four walls of a classroom or building.

This student handbook contains various rules and procedures you are responsible for as well as suggestions for high school success. We want all students to be successful and hope you feel comfortable asking questions if there any items you don’t understand.

The Benton Community School District focuses on providing all students with the opportunity to excel in academics and extra-curricular activities so that our students may become positive contributing members of our school and community. We encourage students and parents to be involved in our school and hope to work with you during your high school experience.

Please read all of the information contained in the student handbook to ensure that you are aware of the operating procedures and suggestions for success.

We value your input and encourage any communication you may have to make Benton Community the best it can be this year and in the future. Good luck this school year!

Dr. James Bieschke
High School Principal

MCNS POLICY STATEMENT & EQUAL EDUCATIONAL OPPORTUNITY:

It is the policy of the Benton Community School District to provide equal educational and employment opportunities and not to illegally discriminate on the basis of race, color, national origin, gender, disability, religion, creed, age, marital status, gender, in its educational program and activities, or its employment and personnel policies. Affirmative steps will be taken to integrate students in attendance centers, programs and classes on the basis of race, national origin, gender, and disability.

This agency shall provide activities, a curriculum, and instructional resources that will reflect the racial and cultural diversity present in the United States and the variety of careers, roles and lifestyles open to both men and women in our society. One of the objectives of the agency's programs, curriculum, services and teaching strategies is to reduce stereotyping and to eliminate bias on the basis of gender, race, ethnicity, religion, age, marital status, and disability. The curriculum, programs and services shall foster respect and appreciation for the cultural diversity found in our country and an awareness of the rights, duties, and responsibilities of each individual as a member of a pluralistic society.

It is the policy of this agency to affirmatively recruit women and men, members of diverse racial/ethnic groups and persons with disabilities for job categories where they are under-represented. A fair and supportive environment will be provided for all students and employees regardless of their gender, race, national origin, creed, age, marital status, or disability. Harassment of a sexual nature or with demeaning intent related to race, national origin, gender, disability, age, marital status, or religion, made from one employee to a student or vice versa, and from one student to another is a violation of this policy.

Students who feel they have been discriminated against are encouraged to report it to the school district Affirmative Action Coordinator of Benton Community Schools, 600 First Street, PO BOX 70, Van Horn, Iowa 52346, Office 319-228-8701, Fax 319-228-8747. The Affirmative Action Coordinator is Jo Prusha. Inquiries may also be directed in writing to the Director of the Region VII [Office of Civil Rights, U.S. Department of Education](#), 8930 Ward Parkway, Suite 2037, Kansas City, MO 64114, (816) 268-0550, or the [Iowa Department of Education](#), Grimes State Office Building, Des Moines, IA, 50319-0146, (515) 281-5294.

The school district, in its educational program, has a process to assist students experiencing behavior and learning difficulties. The building child study team is responsible for this process. Representatives from the area education agency may also assist the school district in this process. Parents wanting access to this process should contact the building principal.

JURISDICTIONAL AND BEHAVIORAL EXPECTATIONS STATEMENT

This handbook is an extension of board policy and is a reflection of the goals and objectives of the school board. The board, administration and employees expect students to conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others. Students, teachers, employees and visitors are expected to treat each other with respect and courtesy so that all may be safe within the school environment. Students may not use abusive language, profanity or obscene gestures or language.

This handbook and school district policies, rules and regulations are in effect while students are on school grounds, school district property or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses or vehicles or chartered buses; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school district or involves students or staff. School district policies, rules and regulations are in effect 12 months a year. A violation of a school district policy, rule, regulation or student handbook may result in disciplinary action and may affect a student's eligibility to participate in extracurricular activities whether the violation occurred while school was in session or while school was not in session.

Students are expected to comply with and abide by the school district's policies, rules, regulations and student handbook. Students who fail to abide by the school district's policies, rules, regulations and student handbook may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation and expulsion. Discipline can also include prohibition from participating in extracurricular activities, including athletics. The discipline imposed is based upon the facts and circumstances surrounding the incident and the student's record.

The school reserves and retains the right to modify, eliminate or establish school district policies, rules, regulations and student handbook provisions as circumstances warrant, including those contained in the handbook. Students are expected to know the contents of the handbook and comply with it. Students or parents with questions or concerns may contact the office for information about the current enforcement of the policies, rules, regulations or student handbook of the school district.

DEFINITIONS

In this handbook, the word "parent" also means "guardian" unless otherwise stated. An administrator's title, such as superintendent or principal, also means that individual's designee unless otherwise stated. The term "school grounds" includes the school district facilities, school district property, property within the jurisdiction of the school district or school district premises, school-owned or school-operated buses or vehicles and chartered buses. The term "school facilities" includes school district buildings and vehicles. The term "school activities," means all school activities in which students are involved whether they are school-sponsored or school-approved, whether they are an event or an activity, or whether they are held on or off school grounds.

CHILD ABUSE:

It is the policy of the Benton School district that school employees not commit acts of physical or sexual abuse, including inappropriate and intentional sexual behavior, towards students. Relative to Iowa Code 280.17, a Level One investigator and alternate have been appointed to respond to allegations of abuse of students by school employees.

The processing of a complaint or allegation will be handled confidentially to the maximum extent possible. Level One investigator: Jason West, Ph 446-7525. Alternate investigator: Kelly Buscher, Ph 227-7142. Abuse of minor students by other persons responsible for their care is a reportable event, as teachers and school employees are mandatory reporters.

GENERAL INFORMATION

SCHOOL CLOSINGS AND CANCELLATIONS:

When adverse conditions make it necessary to close school, radio and TV stations (WMT, KCRG, KGAN) will be notified and will air the announcements as early as possible. Information can also be obtained by calling the Bobcat Voice Link (toll free), 830-2164. You may also sign-up for notifications on our school website on the home page by clicking on: Sign Up for E-Mail Alerts when School is Cancelled or Delayed.

FIRE AND DISASTER PROCEDURES:

Fire--Continuous sounding of the alarm system. All persons in the building should move to the proper exit without delay. Keep in line and do not push. Move at least 100 feet from the building and remain there until given an all-clear signal to return.

Tornado/Disaster--This will be announced over the PA system. All persons in the building should move to the designated area for the room they are in at the time of the alarm. Remain there until given the all clear signal.

Each room should have a sign indicating fire exits and disaster areas to be used. Always follow the instructions of your teacher.

Anyone who deliberately sets off a false alarm will be turned over to law enforcement officials for prosecution.

DAILY ANNOUNCEMENTS:

Announcements will be read in each class at the beginning of first period. The announcements will also be posted in the student commons area and in the middle school student center. Announcements must be turned into the office by 7:30.

If it is in the announcements, and it relates to YOU, you are accountable for knowing it.

GUIDANCE SERVICES:

Benton Community Schools has a comprehensive, systematic guidance and counseling program that starts in elementary school and extends through senior high.

The program contains structure which identifies student goals consistent with state mandated areas of personal / social development, career and vocational development, and educational development.

LOCKERS:

Students are reminded that hallway lockers are assigned to students but remain at all times the property of the school. As such, they should not be considered private or confidential. Damage to lockers will be charged to the responsible student and or the student/s assigned to the damaged locker. Students will be issued a padlock for their locker that must be returned at the end of the year. If the lock is lost the student will be fined a \$5.00 replacement cost.

In cases of suspected disorder or illegal activity, school authorities reserve the right to open and search lockers. Do not leave valuables in your locker! Benton Community is not responsible for articles lost or stolen from a school locker. Do not switch lockers from the one assigned to you without approval from the office.

Maintenance Searches: The school district has a reasonable and valid interest in insuring that the lockers are properly maintained. For this reason, periodic inspections of lockers are permissible to check for cleanliness and vandalism. School authorities may conduct general maintenance inspections at any time upon at least 24 hours notice of the date and time of the inspection. Students may be present when their locker is being inspected.

Non-Maintenance Searches: The student's locker and its contents may be searched when a school authority has reasonable suspicion that the locker contains illegal/contraband items, inappropriate or stolen property. Such searches will be conducted in the presence of another adult witness, when feasible.

Searches by trained canines or searches by other law enforcement means may be conducted. These searches are an effort to keep Benton Community Schools free of contraband and illegal drugs.

LUNCH:

Bringing food into the lunch area for the purpose of sharing is not allowed per state health guidelines. A student may bring a lunch from home, but bringing commercially produced food into the lunch room is not consistent with the purposes of our lunch room and lunch program. A student who does not buy a lunch cannot receive (share) food from other students. Peanut allergies are a concern as we have multiple students with such allergies. No peanuts in any form shall be brought to school. Point of Emphasis: Students need to keep the lunch room appropriately clean during lunch period.

EMERGENCY FORMS:

At the beginning of each school year during our registration process, parents must file an emergency form with the office providing the emergency telephone numbers of the parents as well as alternate persons to contact in the event the school is unable to locate the parents. The emergency form also includes a statement that gives the school district permission to release the student to the alternate person in the event the parents cannot be reached. Parents must notify the office if the information on the emergency form changes during the school year.

STUDENT CENTER AREA:

The Student Center is a multi-purpose area in the building. It serves as our cafeteria during the school day. It is also used as a commons area before and after school and during our many school activities in the evening. Quality student conduct is expected at all times in the "Student Center".

*Keep the area clean, pick up paper and wrappers, and put pop cans in the recyclable containers.

*Inappropriate behavior will result in office detention and / or suspension. Seats may be assigned at lunch if students are unable to keep areas clean.

STUDENT MESSAGES:

No personal messages from students or employers will be read over the intercom or delivered. Only messages from parents or immediate family members will be delivered to students. Encourage your family to contact you only when absolutely necessary, as the office staff cannot act as a personal message service.

TELEPHONE USAGE:

Students may be called out of class for telephone calls ONLY in the case of emergency. All long distance calls must be made collect. Students are not to request to use the office phones unless they need to leave the building; then, secretaries need to talk to parents.

LEAVING SCHOOL ACTIVITIES:

Once a student enters a school event to participate or as a spectator, they will not be allowed to leave the event and then re-enter. Administration may waive these regulations in extraordinary circumstances.

VISITORS:

Students wishing to schedule a visitor will apply for permission with the Principal at least one day prior to the visit. Generally, visitation by school age students will be discouraged due to the academic schedule and daily lesson instruction. Students wishing to visit will be required to fill out the appropriate form before attending scheduled classes. All visiting students will obtain a signed pass before entering any classrooms. If a visitor becomes a distraction for regular attending students they will be required to report to the office for the remainder of the school day.

CHURCH NIGHT:

Wednesday is designated as church night. School functions, practices or athletic contests shall not be scheduled after 6:00 P.M. on Wednesday night. The only exception to this is when an agency other than the local school schedules tournaments or meetings for Wednesday night.

COLLECTIONS:

Students shall not be permitted to participate in school collections for any outside agency. Students working on fundraising projects for school organizations are not permitted to make sales to school personnel (teachers, staff, etc.) at school. Such contacts should be made away from school and after school hours.

LOCKER ROOMS:

Point of Emphasis: Locker rooms are for athletics and physical education. Unless you are in a PE class or participating in a sport, you are not to be in these rooms. All gear should be locked up at all times! Do not leave valuables in the locker room!

STUDENT PUBLICATIONS:

Students may produce official school district publications as part of the curriculum under the supervision of a faculty advisor and principal. Official school district publications include, but are not limited to, the school newspaper and yearbook. Expression made by students, including student expression in the school district publications, is not an expression of official school district policy.

The school district, the board of education, and the employees are not liable in any civil or criminal action for student expression made or published by students unless the employees or board have interfered with or altered the content of the student speech or expression. Copies of the school district publication code can be obtained from James Bieschke, High School Principal.

A faculty advisor supervises student writers to maintain professional standards of English and journalism and to comply with the law including, but not limited to, the restrictions against unlawful speech.

No student shall express, publish or distribute in an official school district publication material, which is obscene, libelous, slanderous, or encourages students to do the following:

- commit unlawful acts;
- violate school district policies, rules, or regulations;
- cause the material and substantial disruption of the orderly and efficient operation of the school or school activity;
- disrupt or interfere with the educational program;
- interrupt the maintenance of a disciplined atmosphere; or infringe on the rights of others.

Students who believe they have been unreasonably restricted in their exercise of expression in an official student publication should follow the complaint procedure provided by the school district.

LOST AND FOUND:

Articles lost or found should be reported to the office promptly. The loss of property can be minimized by putting your name on all of your belongings and keeping them in your lockers.

MEDICATIONS:

All medications, including over the counter products, must be checked in at the nurse's office. Regarding students who are taking prescription medications at home: School nurses would like to have this information. It is for medical records and will remain confidential.

SCHOOL FEES:

The school district charges fees for certain items, such as field trips, class materials, class dues, and rental. Students who have concerns about the fees should contact the principal.

Benton Community also charges a registration fee for book rental and an activity fee. Books must be returned at the end of the class. If books are not returned, students are charged a replacement fee. Damage to a book in excess of normal wear and tear is also charged to the student.

Students whose families meet the income guidelines for free and reduced price lunch, the Family Investment Program (FIP), Supplemental Security Income (SSI), transportation assistance under open enrollment, or who are in foster care are eligible to have their student fees waived or partially waived. Students whose families are experiencing a temporary financial difficulty may be eligible for a temporary waiver of student fees. Parents or students who believe they may qualify for temporary financial hardship should contact the principal at registration time for a waiver form. This waiver does not carry over from year to year and must be completed annually.

STUDENT RECORDS:

Student records containing personally identifiable information, except for directory information, are confidential. Only persons, including employees, who have a legitimate educational interest, are allowed to access a student's records without the parent's permission.

Parents may access and request amendments to and copy their child's records during regular office hours. Parents may also file a complaint with the United States Department of Education if they feel their rights regarding their child's records have been violated. For a complete copy of the school district's policy on student records or the procedure for filing a complaint, contact the board secretary, in the central administration office.

Student directory information is released without parental permission unless the parents ask the school district not to release it. Parents must notify the school district at the beginning of the school year if they do not want the school district to release directory information.

Directory information includes name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, degrees and awards received, most recent educational institution attended, year in school, dates of attendance, and heights and weights of athletes.

ATTENDANCE & ABSENCE

ATTENDANCE:

Daily, punctual attendance is an integral part of the learning experience and is required of all students to receive the maximum benefit of the educational program. The habit of good attendance established early is one which helps a person be successful throughout their lifetime.

The education that goes on in the classroom builds from day to day and as a result, absences always cause some disruption in the educational progress of the absent student. Attendance is a shared responsibility that requires cooperation and communication among students, parents and school.

A parent or guardian is required to call in or send a written note to report absences, preferably on the same day as the absence, but no later than 8:30 a.m. the day after the absence. See page 23 in regard to requesting homework.

On the 5th absence in any class the school will mail a letter home to parents to communicate the 5th day absent. This is proactive communication for parents.

On the 7th absence in any class the school requires a conference with the student, parent, and school personnel about the attendance situation.

On the 9th absence the Benton County Attorney will be notified of the student's truancy pattern.

On the 11th absence, the student may be dropped from the class and earn no credit. The school may look at a possible alternative placement for the student's education.

Students attending a medical appointment and bringing a signed note from the medical professional to the office stating the time of the appointment will not accumulate a missed day towards the attendance policy.

Students who have missed more than 11 days in a previous semester may be placed on an attendance contract for the following term.

LATE ARRIVAL/EARLY DEPARTURE:

Students are required to check in/out in the office if they arrive late or leave early. Teachers must be handed a pass from the office. Parent or guardian needs to call the school if a student is arriving late or leaving early so the student may get an excused pass from the office.

Students will not be allowed to leave during the school day unless parents contact the school office prior to a school absence, or with administrator's permission. If a student needs to leave school because of illness, she or he must be sent by a nurse or administrator. A student who fails to sign out in the office will be considered unexcused. Any student leaving school without permission will be considered truant.

UNEXCUSED ABSENCE POLICY:

Truancy or an unexcused absence is any absence for which the school does not receive notification within one day--no later than 8:30 a.m. of the next school day.

If the parent or guardian does not call the high school office before 8:30 the next day after the absence, then the absence will become an unexcused absence, and consequences will be enforced. Parents will be given the latitude in determining the nature of the absence; however, the following are recommended guidelines for excused absences: illness, family bereavement, participation in school activities, religious observance, Dr. visits, and court appearances.

TARDINESS:

Students will be allowed ample time to move from one class to the next. If a teacher detains a student at the end of a class period, the student should obtain a pass from that teacher and present it to the teacher in the next class to avoid any penalty for tardiness.

Consequences for tardiness to classes will be at the discretion of the classroom teacher. If a student is more than 25 minutes late for class, (s)he is considered to be absent, not tardy.

MAKING UP WORK AFTER ABSENCES:

A student will have the opportunity to make up all work for an excused absence with the length of the absence plus one-day to make up work.

SENIOR EARLY RELEASE:

Parents may release seniors from a class each semester provided parents have completed and turned in the early release form.

Students must be off campus during this release or make arrangements through administration.

COLLEGE VISITS:

Students are encouraged to visit college campuses on weekends or during school holidays. However, if that arrangement cannot be made, they may be excused to visit college campuses with parents' permission.

ASSEMBLIES:

Special assemblies may be called throughout the year. All students are required to attend unless notified otherwise. Pep assemblies will be held with activity director's approval. Students who become behavior problems will be excluded. Students are NOT to be excused from assemblies unless they have appointments or unavoidable conflicts. Assemblies are part of the educational program.

ACADEMICS

REPORT CARDS/PROGRESS REPORTS:

Report cards are sent home with all students at the end of the first semester. They are mailed home at the end of the second semester. The report cards indicate final grades for courses and are recorded on the student's permanent record. An Honor Roll will be announced at the conclusion of each nine-week term. For purposes of the Honor Roll, a 3.00 GPA will be used with a 4.00 or higher representing the A Honor Roll. Progress reports may be sent to parents at any time deemed necessary during the school year. Academic progress is available through Powerschool or contact with individual teachers.

ACADEMIC ELIGIBILITY FOR EXTRACURRICULAR ACTIVITIES:

The state-mandated eligibility will be explained to all students. For athletics, you will need to pass all classes.

All students are expected to be in attendance the day of a performance, including the second half of the day, and also the day (morning) following a performance, unless specific arrangements have been made in advance. If a student leaves school because of illness, he/she will not be allowed to participate that night. Special situations arise, and all students should check with the activities office or principal's office before they leave.

If a student is only in attendance for part of a day, the remaining time during the day must be excused or the student will not be allowed to participate.

A student who is serving a suspension (in or out of school) cannot participate in any athletic activity or practice on the day(s) of suspension. Band, vocal, art, FFA, FCCLA and all activities are included.

EARLY GRADUATION:

An early graduate is one who completes all requirements for graduation in less than four (4) full years of high school attendance. The student may elect to: 1) receive a diploma upon completion of graduation requirements; or 2) receive a diploma at spring commencement exercises. Students planning to graduate early should consult the guidance office for a complete list of conditions and requirements.

ALTERNATIVE GRADUATION--GUIDELINES FOR USING ALTERNATIVE CLASS WORK:

- (1) All Benton requirements in English, mathematics, science, and social studies must be met. A total of 28 units of coursework is also needed.
- (2) Courses taken from alternative institutional offerings must be pre-approved through the Guidance and Administrative offices as acceptable for Benton credits. Tuition for courses taken through Kirkwood's alternative program will be paid for by Benton. No other fees or costs will be borne by the district. Funding ends when the student's class graduates.
- (3) All course work must be complete and a final grade given at least three days prior to the graduation date of the class with which they began high school.
- (4) Transfer credit from approved alternative resources will be counted as full credit, with no grading used other than a P/F marking. Letter grades will not be transcribed.
- (5) Students taking courses from outside alternative resources will not be ranked or listed in any manner for academic achievement recognition. In order to receive academic recognition, the student

must have 15 graded units from a public or private school (non-alternative) during their junior and senior years.

- (6) Students may take less than a full-time schedule at Benton and extra classes through approved resources in order to achieve graduation status.
- (7) Students successfully completing the requirements as presented in #1 will receive a Benton Alternative High School diploma, and be allowed to participate in graduation ceremonies providing the student has completed all course work in agreement with item #3.
- (8) Students who fall short of graduating with their class may continue to work for a Benton diploma. If they maintain class work at Benton, a regular diploma may be acquired and participation in the Benton graduation ceremony allowed.

If students who fall short of graduating with their class wish to pursue credits through an alternative resource, they must have all coursework approved in advance and meet Benton Alternative requirements for graduation. Expenses are the burden of the student. A Benton Alternative diploma will be awarded when the credit level needed is met. They will not participate in the Benton graduation ceremony.

- (9) IHSA and IGHS AU standards will be followed as it applies to eligibility for co- and extra-curricular activities.

If a student is a full time student at Benton (16 units) and wishes to take course work through an alternative resource, fees for such course work are the burden of the student and completion must follow item #3.

- (10) Students attending Kirkwood will be expected to meet that institution's expectations and requirements for attendance and course crediting.

HOME-SCHOOL GRADUATION REQUIREMENTS (BENTON DIPLOMA):

Requirements for a Benton diploma:

- Sixteen Benton or other accredited public or private school credits, plus a transcript record of all course work. No grades will be given for home school classes, but credit given.

Failure to do so may result in loss of course credit and a failing grade in the class. Homework during absences can be obtained through our website: www.benton.k12.ia.us and click on PowerSchool. You may request books to pick up, but it is your responsibility to pick up the books or get a hold of someone that can pick them up in the office after 2 pm. If you do not have access to the internet, please let us know in the office when you report the absence. Please call in by 10:30 a.m. to request homework.

HUMAN GROWTH AND DEVELOPMENT:

The school district provides students with instruction in human growth and development. Parents may review the human growth and development curriculum prior to its use and have their child excused from human growth and development instruction. Parents should contact the principal if they wish to review the curriculum or to excuse their child from human growth and development instruction.

INDEPENDENT STUDY:

A student who wishes to arrange for an independent study course must make arrangements with the teacher. The criteria for the class must be written, and it must be approved by the principal. Students are allowed one independent course during each year.

- 3. improper placement as determined by the teacher and counselor. A drop/add form needs to be completed.

Students cannot add or drop a class after the second day of a term without the approval of the instructor and counselor. Dropping a class after the deadline may result in F.

OPEN ENROLLMENT:

Iowa's open enrollment law allows students residing in one school district to request transfer to another school district upon the parent's request.

Students wishing to open enroll to another school district must apply for open enrollment by March 1 of the school year preceding the school year in which they wish to open enroll unless there is good cause as defined by the law. Then the deadline is June 30. Open enrolled students from low-income families may qualify for transportation assistance.

Open enrollment may result in loss of athletic eligibility for students open enrolling. Students interested in open enrolling out of the school district must contact the Central Administration Office for information and forms.

PROCEDURE FOR STUDENT TRANSFER:

The school district automatically transfers a student's records to a new school district upon receipt of a written request from the new school district for the student's records. Parents notified that the student's records have been sent are given an opportunity to view the student's records that were sent and a right to a hearing to challenge the content of the student's records that were sent. Parental consent is not necessary to forward a student's records to a new school district or for the school district to request them from a student's previous school district. When a new student transfers into the school district, the student's records are requested from the previous school district.

POST-SECONDARY ENROLLMENT OPTIONS ACT: The Post-secondary Enrollment Options Act allows students in grades 9 through 12 to enroll part time at an eligible community college, State University, or private college or university. The act has a dual purpose: to promote rigorous educational pursuits and to provide a wide variety of options for students. Ask your high school counselor for a complete list of eligible institutions.

- A. A maximum fee of \$250 per course is paid by Benton. Students who fail a class or drop a class after the designated date are responsible for the course fees.
- B. No more than two PSEO classes may be taken in any semester unless special permission is granted through the guidance office or if the student pays expenses.
- C. Comparable classes offered at Benton Community High School must be taken first. Any exceptional situation can be reviewed by the guidance office and administration.

E. Students who desire to take college classes not within PSEO guidelines may take them at their own expense.

F. All paperwork and enrollment forms must be completed in a timely manner as prescribed by the college and the high school.

SERVICE LEARNING:

Students who desire to use a class period for service learning shall have that arrangement made with a teacher or other supervisor before the first day of the affected semester. A form is available in the office for that arrangement to be planned. Teachers have been asked to have service learners only if they can provide substantial and continual meaningful work. Service learners are expected to be in class every day and to be punctual, just as any class.

NATIONAL HONOR SOCIETY:

Membership in National Honor Society is one of the highest honors that can be bestowed upon a BC student or any student. The society recognizes students who excel in character, scholarship, leadership and service. The scholarship requirement—a cumulative GPA of 3.25—is what can QUALIFY YOU for consideration under the other criteria. A student who wishes to be worthy of membership, should know that the entire four years of high school are considered. A student should demonstrate superior character, leadership and service throughout high school. It is hoped that students have and demonstrate these good traits day after day, not that they intentionally plan opportunities to demonstrate them.

SPECIAL EDUCATION STATEMENT:

Our district is fortunate to have several different support services available to assist teachers and parents when concerns arise about children. This includes support staff from the Grant Wood AEA, services of a school psychologist, social worker, consultant and speech-language pathologist. We also have services from building counselors and nurses. Teachers and parents may ask for assistance from these staff members in discussing a concern, in identifying strategies or methods to address the concern, or in monitoring a student's progress. Teachers and parents may ask for help on an informal basis, or a more formal written plan may be developed using a short-term or "Brief Intervention". Prior to using the "Brief Intervention", parents will be notified and an explanation of the plan will be summarized for you.

Utilizing all the skills and experience of our local and AEA team is one way we are able to provide the best education possible for children in the Benton Community School District. If you would like more information about the types of services available to help your child, please contact your building principal.

ACADEMIC ELIGIBILITY FOR EXTRACURRICULAR ACTIVITIES:

The state-mandated eligibility will be explained to all students. For all extra-curricular activities, you will need to pass all classes.

All students are expected to be in attendance the day of a performance, including the second half of the day unless specific arrangements have been made in advance. If a student leaves school because of illness, he/she will not be allowed to participate that night. Special situations arise, and all students should check with the activities office before they leave.

A student who is serving a suspension (in or out of school) cannot participate in any extra-curricular activity.

BENTON COMMUNITY GOOD CONDUCT POLICY:

Statement of Philosophy:

The Board of Directors of the Benton Community School District offer a variety of voluntary activities designed to enhance the classroom education of its students. Students who participate in extracurricular activities serve as ambassadors of the school 365 days of the year, both in and out of school. Students who wish to exercise the privilege of participating in extracurricular activities must conduct themselves in accordance with the board policy and must meet the eligibility criteria established by the board, administration and individual activity coaches and sponsors.

Applicable Activity Programs:

The Good Conduct Code applies to all extra-curricular activities. The following activities are examples covered by, but not limited to, the Board's policy and these rules:

1. Athletics
2. Fine Arts
3. Elected offices, including royalty
4. Clubs and organizations
5. Any other school activity where the student represents the school outside the classroom, (i.e. overnight trips, etc.)

Good Conduct Rule:

After a due process proceeding at which the student shall be confronted with the allegation, the basis of the allegation, and given an opportunity to tell the student's side, any student who is found to have violated the school's Good Conduct Rule will be deemed ineligible for a period of time, as set forth below. All applicable activities may have additional standards/consequences that must be reviewed with the student participants and made available upon request to parent(s) or guardian(s) within the first 2 weeks of the season. A student may lose eligibility under the Good Conduct Rule for the following behaviors:

- Possession, use or purchase of tobacco products, e-cigarettes or "look alike" tobacco products regardless of the person's age;
- Possession, use or purchase of alcoholic beverages, including, "near beer."
- Unlawful sale, distribution, or being under the influence of alcohol or drugs;
- Possession, use or purchase of illegal drugs or "look alike" drugs;
- Unauthorized possession, use or purchase of otherwise lawful drugs;
- Engaging in any act that would be grounds for arrest or citation in the criminal or juvenile court system, excluding minor traffic offenses, regardless of whether the student was cited, arrested, convicted or adjudicated for the act(s).

If a student transfers in from another school district and the student has not yet completed a period of ineligibility for a Good Conduct Rule violation in the previous school, the administration will have the discretion to review each case and determine the appropriate ineligibility on a case-by-case basis.

Good Conduct Rule Penalties:

Any Student who, after a hearing before the administration, is found to have violated the Good Conduct Rule, is subject to a loss of eligibility as follows:

--First Offense within the student's high school career: three (3) weeks of ineligibility, may be reduced to two weeks if the student attends an approved (by administration) professional counseling session within the two weeks of ineligibility and provides proof of attendance.

--Second Offense within the student's high school career: six (6) weeks of ineligibility plus proof of attendance at an approved (by administration) professional counseling session within the six weeks of ineligibility.

--Third Offense within the student's high school career: One year of ineligibility plus proof of attendance at an approved (by administration) professional counseling session within the one year of ineligibility.

In all cases the period of ineligibility begins with the first date of competition or public performance for the activity the student is involved in.

- An ineligible student shall attend all practices but may not travel with the team, be on the bench, sidelines, dugout, etc. during competitions or performances.
- An ineligible student serving a Good Conduct consequence must finish the season in good standing in order to fulfill the entirety of the consequence
- Once the Good Conduct ineligibility begins the days of ineligibility will run concurrently

~~If the student is not currently engaged in an extracurricular activity, or the ineligibility period is not completed during a current activity, the penalty is carried over to the next applicable activity that the student seeks to go out for. If a student completes his or her period of ineligibility during an activity season, the student must finish the entire activity season in order for the ineligibility period to count.~~

Good Conduct Rule Appeals:

Any Student who is found by the administration to have violated the Good Conduct Rule may appeal this determination to the superintendent by contacting the superintendent within three (3) days of being advised of the violation. The penalty will be in effect pending the superintendent's decision. If the student is still dissatisfied, he or she may appeal to the school board by filing a written appeal within 5 days of being advised of the superintendent's decision. The review by the board will be in closed session unless the student's parent (or the student, if the student is 18) requests an open session. The grounds for appeal to the school board are limited to the following: the student did not violate the Good Conduct Rule; the student was given inadequate due process in the investigation and determination; or the penalty is in violation of the handbook rule or board policy. The penalty will remain in effect pending the outcome of the meeting with the board.

If the school board reverses the decision of the administration, the student shall be immediately eligible and shall have any record of the ineligibility period and violation deleted from the student's record.

Any absence from class due to the student's refusal to comply with this policy will be counted as an un-excused absence.

CELL PHONES:

While it is recognized that cell phones are a valued communication tool between parents and students they do represent a possible disruption to the educational environment. Cell phones, other electronic devices, and any device that is detrimental to learning should not be seen or heard during academic class time to include Bobcat Time. High School students may use cell phones during passing times between classes and during lunch in the Student Center.

Students are not allowed to take pictures or record staff members or students. Cell phones with cameras or cameras alone will not be used in rest rooms or locker rooms. Teachers are expected to confiscate phones and bring them to the office when they are seen or heard during class time when permission has not been granted.

With permission cell phones may be used in the office area during the school day. The use of electronic devices other than cell phones will be left to the discretion of the classroom teacher.

Cell phone violations will be initially handled according to the following consequences:

1st Offense- Cell phone confiscated, brought to the office and returned to the student at the end of the day.

2nd Offense- 30 minute detention, phone confiscated, and parent/guardian must pick it up in the office.

3rd Offense & beyond- Administrative recommendation, phone confiscated and parent/guardian must pick it up in the office.

Students refusing to turn their cell phone over to a teacher or staff member will be referred to administration for insubordination.

GUM, SNACK FOODS, AND POP:

Classroom teachers reserve the right to allow gum chewing in their classroom. Food and colored or flavored drink of any kind are banned in classrooms with the exception of an organized party. Water is allowed. No food or beverage (except water) will be allowed in lockers. There should be no opened food or drink (except water) in the hallways or classrooms. Pop and candy machines are turned off during the school day and are only available for purchase before school (when breakfast is not being served) and after school.

CHEATING AND PLAGIARISM:

Students at Benton Community High School are expected to produce work to the best of their ability. Work submitted for credit or recognition is to be done by each individual student and must be his/her own work. Teachers have good means to detect plagiarism.

Cheating and plagiarism will be handled according to the following guidelines:

1. Any student caught cheating in class may receive a failing score for the assignment in question.
2. Any student cooperating in a situation involving cheating will also receive a failing score for the assignment.
3. Repeated cheating or individual instances of cheating may result in removal from class with a failing grade and no credit.

DRIVING AND PARKING REGULATIONS:

1. Failure to comply with the parking regulations may result in revocation of the on-campus parking privilege.
2. Parking permits must be displayed on the rear view mirror by all students.
3. Students may not go to their vehicles between 8:15 a.m. and 3:20 p.m. unless they are leaving school with an approved early dismissal, on a work study program, or unless they have permission from an administrator.
4. The maximum speed limit in all driveways and parking lots is 10 mph.
5. NO parking is permitted along the emergency lanes in the parking lot. Cars parked inappropriately in this area, or cars parked inappropriately in any way can be referred to the Benton County Sheriff's Department for tickets. No warnings will be given.

6. Students must drive on school property with extreme caution and consideration. Reckless or careless driving may result in the removal of parking privileges and a referral to the Benton County Sheriff's office.
7. Students may not park in designated faculty parking areas, the visitors' parking area, or in the delivery driveway and parking area.
8. Benton Community Schools are not responsible for cars or items left in cars while parked on school grounds. There is no liability on the part of the school.
9. The school retains the authority to conduct routine patrols of parking lots and inspections of vehicles on school property. The interiors of vehicles may be inspected whenever an authorized school official has reasonable suspicion to believe that illegal or unauthorized materials are contained inside. Inspections may be conducted without notice, without consent, and without a search warrant. A search of the parking lot by trained canines or other law enforcement means may be conducted.
