Welcome to Easton Valley High School. The purpose of the handbook is to help you understand the expectations and general operation of our school. Please read and become familiar with its contents. Participation within our boundaries of the rules and regulations will make your years at Easton Valley High more memorable and meaningful, and better prepare you for becoming a member of the adult community.

Since each of you is a unique individual with special interests and abilities and come from a variety of home environments, our challenge as educators is to provide you with experiences which will motivate you to reach your maximum potential.

This is a competitive society and correspondingly you must be equal to the demands of competing for jobs and scholarships with other students from different schools. How you prosper in this regard will be determined by your desire to succeed and how well prepared you are academically and vocationally. When viewed in this manner, school becomes a work situation with each learner striving to learn as much as possible. To give each of you a competitive edge is the goal of our teaching staff. Your full cooperation is needed so that you can establish responsible work habits.

During this process you may experience conflicts with peers, anxiety over career or vocational decisions, and problems that may affect you later in life. For this reason your teacher, counselor, and principal are available to help you resolve these problems. It is up to you to take advantage of this support.

ACTIVITIES

ACTIVITY PROGRAMS

The activity calendar is kept in the principal's office. All school functions (curricular and extracurricular) must be scheduled through this office. Calendars are subject to change. Refer to the most recent publications. The calendar will not be changed except by the principal.

The following regulations will be followed for all activities:

1. Dates and meeting places for all activities must be registered with the principal in advance.
2. All groups working during or after school hours must be under teacher supervision at all times. When the principal is presented a request of this type, he/she should be informed as to whom the teacher-sponsor will be.
3. It is an administrative policy that any social activity approved by the school must be under the personal supervision of one or more faculty staff members, and parents may be invited to attend. Names of chaperones must be given to the principal at the time the activity is scheduled.
4. Participation in any activity is a privilege which may be withdrawn at the discretion of the faculty and administration.

ACTIVITY RULES FOR TRIPS

All trips involving any sizeable number of students will be made on school buses driven by regular drivers or by regular substitute drivers. Students who are transported in a school vehicle to an event or place will be expected to return to the home community in the same school vehicle. The only exception to this rule is in case a parent or guardian of a child also attends the same event and personally contacts the teacher in charge and personally assumes responsibility for the return of his or her child to the home community. All school rules and regulations apply equally on school sponsored activities. Emergencies such as injuries will be dealt with on an individual basis.

CLUBS AND ORGANIZATIONS

Easton Valley High School sponsors a number of clubs and organizations for students in grades 9-12. Clubs at Easton Valley are: Student Council, Future Farmers of America (FFA), Students for Educational Services (SES), Spanish Club, Thespians, as well as Music clubs.

EXTRA-CURRICULAR ACTIVITIES

1. Students who participate in extracurricular activities serve as ambassadors of the school district throughout the calendar year whether at or away from school. Participation in extracurricular activities is a privilege and not a right. It is the policy of our school to establish guidelines for participation in extracurricular activities. These activities include, but are not limited to: athletics, certain ungraded aspects of choir and band, school plays/musicals, cheerleading, contest speech,

National Honor Society, Future Farmers of America, and Student Council. All students are encouraged to become members of these extra-curricular groups. You will find that your life as a student will be enriched.

2. **Attendance and Behavior:** Students must be in attendance a minimum of one half day of school and have an excused absence for the time they missed if they desire to participate in a practice session or contest that day. The same regulations apply to the student body in attending school sponsored activities. The day following a contest, the student must be in attendance in the morning or the student will not be allowed to dress out for practice. Exceptions will be granted by the principal only. Students participating in extracurricular activities/programs must adhere to the following guidelines:
 - A. Any student who represents the Easton Valley Community School District will be expected to conduct himself/herself, at all times, in a manner that reflects the hard work and pride that has been put forth by the individual, coach/sponsor, team/group, and school.
 - B. The entire student body is expected to represent themselves in a respectful and mature manner at all times. This is your team/group and your school. Always be supportive.
 - C. Students must get assignments ahead of time if they are to be excused for activity trips during the school day. All tests and assignments are expected to be turned in at the regular times.
3. **Activity Eligibility:** Each student participating in extracurricular activities will be required to pass all classes each quarter. It will be determined as follows:
 - A. Eligibility will be figured every quarter. If a student is failing at quarter, they are ineligible for 4 weeks; at that time, another grade check will occur and if the student is still not at passing, they remain ineligible.
 - B. This ineligibility will remain with the student until the time is served.

If not passing all classes at end of a final grading period, student is ineligible for first period of 30 consecutive calendar days in the interscholastic athletic event in which the student is a contestant. There is no requirement that the student competed in the sport previously; however, the student must remain in good standing throughout the season in order for their eligibility to be reinstated.

4. **Good Conduct Policy**
 - A. Any student who admits to, or evidence is able to substantiate a claim, is determined to have or is found guilty of a violation of Local, State or Federal Laws which include but are not limited to the list below, shall be ineligible to represent the school in any performance or event until reinstated by the building administrator according to the schedule below:
 1. Use or possession of any illegal drugs;
 2. Use or possession of alcohol;
 3. Use or possession of any type of tobacco (cigarettes, smokeless tobacco, etc.)
 4. Use of inhalants for recreational purposes;
 5. Stealing;
 6. Fighting;
 7. Damage to Property;
 8. Violation of any board policy or school rule;
 9. Hazing
 10. Unexcused Absence policy

Reinstatement Schedule:

1st Offense: Three weeks (21 days) from the first performance or event date. Students who are NOT involved in extracurricular school activities will miss the following school functions (ex. Homecoming dance, Prom, school trip). Determining a qualifying function will be at the discretion of the administration.

2nd Offense: Nine weeks (63 days) with a minimum of three performances or events from the first performance or event date. Students who are NOT involved in extracurricular school activities will miss all school functions (ex. Homecoming dance,

Prom, school trip). Determining a qualifying function will be at the discretion of the administration. Student must also complete an administrative-approved counseling program at their own cost.

3rd Offense: One year (365 days) from the date of the finding of a good conduct violation. Students who are NOT involved in extracurricular school activities will miss all school functions (ex. Homecoming dance, Prom, school trip). Determining a qualifying function will be at the discretion of the administration. Student must also complete an administrative-approved counseling program at their own cost.

4th Offense & Beyond: Student is prohibited from participating in any performances or events (Homecoming dance or Prom) for the remainder of their high school career.

- B. Any student suspended from school (in or out) for violation of school rules shall be ineligible for extracurricular activities during the time of suspension. This includes any extracurricular activities that evening!
- C. Determination of a Good Conduct Policy Violation
A student is found to have violated the Good Conduct Policy if:
 - 1. found so by a court of law;
 - 2. he/she admits to violating one of the standards of the Good Conduct Policy;
 - 3. witnessed breaking the law by law enforcement officials;
 - 4. evidence of the violation of the Good Conduct Policy is provided
- D. Any students declared ineligible are expected to continue to participate in all practices during the suspension, if the student wishes to be eligible at the end of the suspension period.
- E. Students accused of any infractions of the good conduct policy shall be granted due process according to established procedures including:
 - 1. The student is informed of the charges by the building principal or activities director.
 - 2. The student is informed of the opportunity to admit to or deny the charges.
 - 3. If the charges are denied, the student is given the opportunity to explain his/her story.
 - 4. Only after 1, 2, and 3 have occurred should a decision be made as to whether or not an infraction of a policy violation occurred.

Note: It is not necessary for an admission by a student or a judicial finding of guilt to constitute a good conduct policy violation. Therefore, an inference of the student's knowledge of wrongdoing is ample.

- F. Appeal Process
 - 1. A student or parent contesting the declared ineligibility of a student, based on these rules, shall be required to state the basis of their objections and a request for an oral hearing in writing. This letter should be addressed to the Superintendent of Schools within five days of the date the said student was declared ineligible.
 - 2. The superintendent, after meeting with the said student and parents, shall render a written decision within five days, mailing a copy to the said student and parents.
 - 3. If the student and parents further contest the findings, the superintendent of schools shall then schedule a meeting of the board of education as soon as possible after receipt of such objections, giving at least five days written notice of said hearing, unless a shorter time is mutually agreeable. The board shall consider the evidence presented, including statements by the student's legal counsel and make written findings of its decision within five days of the hearing, mailing a copy to said student and parents.

Note: A student declared ineligible shall remain ineligible through the appeal process.

EXTRA-CURRICULAR BUS RIDING

The school board is implementing and enforcing the following procedures.

Method I – Prior to the Event

1. On or before the day prior to a Saturday event or on or before the day of the event, prior to 3:15 PM, or the time transportation to the event is scheduled to depart (whichever is earlier), the school must have received instructions from the student's parent/guardian, in writing or by telephone.
2. The parent/guardian's instructions must include a request for a transportation exception for the specific event named, include the name of the responsible adult who will assume custody of the student, and release the school and the district from any responsibility.
3. Coaches/Sponsors will be given copies of all written requests from parents/guardians and documentation of all requests received via telephone.
4. Students whose parents have provided written or verbal instructions for a transportation exception prior to the event. (See Steps 1 and 2 above) must check with the coach/sponsor prior to leaving the extracurricular event; they will be required to "sign out" before they leave.

Method II – At the Event

1. A parent/guardian who is in attendance at the extracurricular event may request a transportation exception.
2. The parent/guardian must present themselves personally to the coach/sponsor who will document the request by requiring the parent/guardian to sign a transportation exception form which signature shall be witnessed only by the coach/sponsor or other designated Easton Valley Community District employee.

If there are any questions, please contact Mr. Johnson at the High School office 563/689-4221.

ATTENDANCE

COMPULSORY ATTENDANCE

Parents within the school district who have children over age six and under age sixteen by September 15, in proper physical and mental condition to attend school, shall have the children attend the school district at the attendance center designated by the board. Students shall attend school the number of days school is in session in accordance with the school calendar. Students of compulsory attendance age shall not have more than six (6) absences per semester or they may be referred to the county attorney. Exceptions to this policy include children who:

- have completed the requirements for graduation in an accredited school or have
- obtained a high school equivalency diploma;
- are attending religious services or receiving religious instruction;
- are attending an approved or probationally approved private college preparatory school;
- are attending an accredited nonpublic school;
- are receiving competent private instruction; or,
- are granted excused absence

It is the responsibility of the parent of a child to provide evidence of the child's mental and physical inability to attend school or of the child's qualifications for one of the exceptions listed above.

The truancy officer/principal shall investigate the cause for a student's truancy. If the truancy officer/principal is unable to secure the truant student's attendance, the truancy officer/principal should discuss the next step with the superintendent. If the student is still truant, the truancy officer/principal may refer the matter over to the county attorney.

The school will participate in mediation if requested by the county attorney. The superintendent/principal shall represent the school district in mediation. The school district will monitor the student's compliance with the mediation agreement and will report violations of the mediation agreement to the county attorney.

DUAL ENROLLMENT STUDENTS

Home school or home school assistance program students enrolled in classes or participating in school activities in the school district are subject to the same policies, rules and regulations as other students and are disciplined in the same manner as

other students. Dual enrollment students interested in participating in school activities or enrolling in classes should contact the Principal.

LEAVING THE CAMPUS

Students are not to leave the campus during the school day for any reason without signing in and out of the office.

If a parent wants his/her student to leave the school, the student must bring a note to the principal before school starts giving the time and reason for leaving. The reason must fall within the guidelines in the attendance policy.

Unexpected or emergency requirements to leave school can be arranged by telephone with the principal and a note brought the next day.

Failure to follow the above procedure will result in the student being considered truant.

SCHOOL DAY

Students may be present on school grounds before 7:45 a.m. or after 3:45 p.m. only when they are under the supervision of an employee or an extracurricular activity sponsor. If school is dismissed early, students are expected to leave the school grounds within 15 minutes of dismissal.

STUDENT ATTENDANCE

Students are expected to be in class and to make attendance a top priority. Only through attendance and class participation do students achieve the benefits of the education program. Participating in class discussion, developing an appreciation for the views and abilities of other students, and forming the habit of regular attendance are legitimate class objectives. Learning lost due to an absence can never be replaced. Regular attendance and being well prepared for class helps students in school as well as prepares students for adulthood.

Students who know they will be absent must notify the office prior to the absence. It shall be the responsibility of the student to initiate a procedure with the student's teacher to complete the work missed. If advance notification is not possible, parents must notify the office at 563/689-4221 on the day of the absence prior to 8:30 a.m. If notification is not received, the office attempts to contact the parents at their emergency number. Before a student is readmitted after an absence, the student must bring a note signed by the student's parents to the office explaining the reason for the absence. Upon return from a medical appointment the student must bring a note from the doctor/clinic.

School work missed because of an excused absence must be made up according to the following schedule. The time allowed for make-up work may be extended at the discretion of the principal. The opportunity to makeup work missed due to an unexcused absence is at the discretion of the teacher.

EXAMPLE: ONE DAY MISSED - you miss school on Monday, you get your assignments on Tuesday, your assignments are due on Wednesday.

EXAMPLE: TWO DAYS MISSED CONSECUTIVELY - You miss Monday and Tuesday, you get your assignments on Wednesday. Monday's assignment is due Thursday and Tuesday's assignment is due on Friday.

The school determines whether an absence is excused or unexcused. Excused absences include, but are not limited to, illness, family emergency, recognized religious observances and school activities. Unexcused absences include, but are not limited to, tardiness, shopping, hunting, concerts, preparation or participation in parties or other celebrations and employment. Students are expected to be in class on time.

Students who need to leave school during the school day must receive permission from the office and have a note signed by the student's parents, have their parents telephone the office or have their parents pick them up. Students who return to class or arrive after the school day has begun must present a signed note from their parents to the office for re-admission. Students are not released to anyone other than their parents during the school day unless the office has a note signed by the student's parents.

Students participating in extracurricular activities must be in school at least one-half day on the day of the event in order to participate in a school activity. The remaining half-day must be an excused absence. Only in extraordinary circumstances, may this rule be waived by the principal.

Students are responsible for arranging to make up schoolwork and are allowed to make up schoolwork only upon the approval of their teacher. Students who know they are going to be absent prior to an absence must make arrangements with their teachers in advance to make up schoolwork.

It shall be the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

TARDIES

Students tardy to school will not be admitted to school without the written permission of the principal/or designee. Students tardy to class will not be admitted to class without written permission to enter class from the office or from the school employee responsible for the tardiness. Once a student accumulates three tardies, they serve a detention with the teacher from whose class they are tardy; if a student doesn't serve the detention when assigned, they receive an in-school suspension (ISS) the following day. Students tardy to class by more than ten minutes will be considered as absent unexcused for that class period.

Parents will be contacted when their student receives the ISS. The opportunity to makeup work missed due to an unexcused tardy or absence is at the discretion of the teacher.

TRUANCY - UNEXCUSED ABSENCES

Regular attendance by the students at school is essential for students to obtain the maximum opportunities from the education program. The habit of good attendance established early is one which helps a person be successful throughout their lifetime. More and more, employers, colleges and vocational schools expect good attendance and are checking attendance records for absences and tardies. They are aware that good and prompt attendance indicates dependability in a student. Parents and students alike are encouraged to ensure an absence from school is a necessary absence. Students shall attend school unless excused by the principal of their attendance center. A parental note or phone call does not guarantee that an absence will be excused. The principal ultimately decides whether an absence is excused or unexcused.

Truancy is the failure to attend school for the minimum number of days established in the school calendar by the board. Truancy is the act of being absent without a reasonable excuse (unexcused absence). Truancy will not be tolerated by the board.

Students shall not have more than six (6) unexcused absences per semester. Absences that may be excused by the principal are for illness (absences for three or more consecutive days due to illness require a doctor's note), family emergencies, doctor or dental appointment, recognized religious observances and school sponsored or approved activities. Reasonable excuses may also include family trips or vacations *if the students' work is finished prior to the trip or vacation*. College visits must be approved in advance by returning a college visit permission form prior to the visit in order to count as an excused absence. Three college visits are allowed per school year. Absences that do not fall within the categories listed above may be considered unexcused unless approved by the principal. Parents are expected to contact the school office to report a student's absence prior to 8:30 A.M. on the day of the absence. Parents will also be asked to give the reason why their student will not be attending school on that particular day.

Students are subject to disciplinary action for truancy, including suspension and expulsion. It shall be within the discretion of the classroom teacher to determine, in light of the circumstances, whether a student may make up work missed because of truancy (unexcused absence). Students receiving special education services may be assigned to supervised study hall or in-school suspension if the goals and objectives of the student's Individualized Education Program are capable of being met.

If a student accumulates more than six (6) absences in a class per semester, he or she may lose credit for the class. Prior to imposing the loss of credit in one or more classes, the principal shall provide the student an opportunity for an informal hearing.

Students shall remain in class until the principal makes a decision regarding loss or restoration of credit. Full credit shall be awarded to all assignments and tests submitted that meet the teacher's specifications until a decision regarding credit has been made.

If a student loses credit, that fact shall be recorded in the student's record as an NC at the end of the semester if the student fulfills the commitment of attending all classes for the remainder of the term and completes assigned work to a satisfactory level; failure to fulfill these expectations will result in an F recorded on the student's record. Current grade standing will remain the same at quarter.

The administration and guidance staff shall make reasonable efforts to advise and counsel and may impose discipline upon any student after the unexcused absence. Such advice, discipline and counseling includes, but is not limited to, oral or written notices to the student and his or her parents, conferences with the student and parents, written contracts, or loss of non-academic privileges such as extracurricular activities, open campus, late arrival or early dismissal.

It shall be the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy. The administrative regulations shall indicate the disciplinary action to be taken for truancy.

CONDUCT AND DISCIPLINE

ATTITUDE AND CONDUCT

The board believes inappropriate student conduct causes material and substantial disruption to the school environment or presents a threat to the health and safety of students, personnel, and visitors on school premises.

Students shall conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others while on the school premises, while on school owned and/or operated school or chartered buses, and while attending or engaged in school activities.

Students who fail to abide by this policy and the administrative regulations supporting it may be disciplined for conduct which disrupts or interferes with the educational program, conduct which disrupts the orderly and efficient operation of the school or school activity, conduct which disrupts the rights of other students to obtain their education or participation, or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures, include, but are not limited to, removal from the classroom, detention, suspension, probation, and expulsion.

Removal from the classroom means a student is sent to the building principal's office. It shall be within the discretion of the person in charge of the classroom to remove the student.

Detention means the student's presence is required during non-school hours for disciplinary purposes. The student will be required to appear after school has been dismissed for the day. Whether a student will serve detention and the length of the detention shall be within the discretion of the certified employee disciplining the student or the principal.

Suspension means either an in-school suspension, an out-of-school suspension, or a restriction from activities. An in-school suspension means the student will attend school but will be temporarily isolated from one or more classes while under supervision. The student may not attend school activities or may not participate in a contest of extra-curricular activities. An in-school suspension will not exceed ten days. An out-of-school suspension means the student is removed from the school environment, which includes school classes and activities. An out-of-school suspension will not exceed ten days.

Probation means a student is given a conditional suspension of a penalty for a definite period of time, not to exceed ten days, in addition to being warned and/or punished for misconduct. The conditional suspension shall mean the student must meet the conditions and terms for the suspension of the penalty. Failure of the student to meet these conditions and terms shall invoke the penalty temporarily suspended.

Expulsion means the removal of a student from the school environment, which includes, but is not limited to, classes and activities for a period of time set by the board.

It shall be the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.

Examples:

- Refusal to conform to school policies, rules or regulations;
- Conduct which disturbs the orderly, efficient and disciplined atmosphere and operation of the school or school related activity;
- Refusal to comply with directions from teachers, administrators or other school personnel;
- Physical attack or threats of physical attack to students, teachers, administrators or other school personnel;
- Possession of weapons, contraband or dangerous objects;
- Extortion;
- Criminal or illegal behavior;
- Theft or robbery; altering, injuring, defacing or destruction of any building, fixture, or tangible property;

- Causing a fire or explosion, or placing any burning or combustible material, or any incendiary or explosive device or material, in or near any school property, whether or not any such property is actually damaged or destroyed;
- Threatening to place or attempting to place any incendiary or explosive device or material, or any destructive substance or device in or about the school premises or premises where a school sponsored activity will be held;
- Fighting or engaging in disruptive or violent behavior at school or at school events;
- Making noise in the vicinity of the school or school sponsored activities which disrupts the orderly, efficient and disciplined atmosphere of the school or the school sponsored activity.
- Abusive epithets or threatening gestures to other students, teachers, administrators, or other school personnel;
- By words or action initiating or circulating a report or warning of fire, epidemic, or other catastrophe knowing such report to be false or such warning to be baseless;
- Obstructing school premises or access to school premises or premises where a school activity is being held;
- Possessing or consuming alcoholic liquors or beer on school property or while attending a school activity;
- Possession of a controlled substance or controlled substance look-alike;
- Use of tobacco or any controlled substance;
- Gambling;
- Documented conduct detrimental to the best interest of the school district.

BOYFRIENDS AND GIRLFRIENDS

For the ladies and gentlemen at school who have developed girlfriend/boyfriend relationships, a sense of social responsibility and common courtesy is necessary. Public displays of affection have no place in school or on the school grounds during regular school hours. Non-students who have boyfriends and girlfriends on campus will not be permitted to come on the campus during the school day. The teachers will enforce disciplinary action at their discretion if they feel the public display of affection is too offensive.

Public display of affection (also known as PDA) is the physical demonstration of affection for another person of either gender while in the view of others. Such acts are occurring during transition times (hallways, buses, parking lot) here at school and are a violation of conduct and behavior as per our handbook. Faculty and staff members will be enforcing consequences that can range from a verbal warning to a detention and suspension if the behavior is habitual. Students are to refrain from examples such as embracing, kissing, piggy back riding, one arm hugs, hand holding, sitting on laps, massaging, etc. which may be interpreted by others as undue familiarity and improper decorum in a school setting. Exceptions will be made for special circumstances of congratulations and condolences.

BUS RIDER RULES

Students should be on time at the designated school bus stops and should wait until the bus comes to a complete stop before attempting to enter the bus.

While on the bus, students should keep their hands and heads inside the bus at all times. Remember that loud talking and laughing diverts the driver's attention and makes safe driving difficult. "Horseplay" is not permitted around or on the school bus. Smoking, dipping, eating, and drinking on the buses are strictly prohibited.

Bus riders should never tamper with the bus. Do not leave books, lunches, band instruments, or other articles on the bus. Bus riders are not permitted to leave their seats while the bus is in motion. Do not throw anything out the window. Be absolutely quiet when approaching a railroad crossing. The bus driver's job is to transport students safely to and from school. Any action, conduct or noise that distracts the driver's attention places the lives of all students on that bus in jeopardy. Use of tape players or portable radios are strictly prohibited. Because bus offenses endanger lives, they will be handled accordingly.

The Easton Valley School District Board of Education has authorized the use of video cameras on school district buses. The video cameras will be used to monitor student behavior, to maintain order on the school buses, to promote and to maintain a safe environment. Students and parents are hereby notified that the content of the videotapes may be used in a student disciplinary proceeding. The content of the videotapes are confidential student records and will be retained with other student records. Videotapes will only be retained if necessary for use in a student disciplinary proceeding or other matter as determined necessary by the administration. Parents may request to view videotapes of their child if the videotapes are used in a disciplinary proceeding involving their child.

In order to enhance the high standards of Easton Valley High School, the school requires neatness, cleanliness and decency in personal dress and appearance of all students and school personnel. Clothing styles that are revealing are not acceptable. Hats/Hoods may not be worn in the classroom. Health requirements demand that shoes be worn at all times. Shorts may be worn, but must be acceptable as far as appearance and decency. Shirts and other clothing with drug, alcohol, tobacco, vulgar messages, or gang related symbols are not allowed.

Any student or employee who believes that an individual is maintaining a personal appearance not in keeping with the above guidelines may report it to the principal's office.

Below are some, but not limited to, the following examples:

1. The wearing of shirts and tops exposing bare midriffs or bare shoulders, deeply/narrowly cut in the front, back or under the arms, shall not be worn. Shirts and tops must not be halter tops or not be made of see through fabric. All tops must extend to the bottom garment. Clothing must cover the entire buttocks and a modest area of the legs. There needs to be at least a (3) inch inseam in shorts. Clothing that exposes underwear will not be tolerated.

DRESS CODE

There is a strong connection between academic performance, students' appearance and students' conduct. Inappropriate student appearance may cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees and visitors on school grounds. Students are expected to adhere to reasonable levels of cleanliness and modesty. Students are expected to wear clothing that is appropriate to their age level and does not disrupt the school or educational environment.

Under certain circumstances or during certain classes or activities a more strict dress code may be appropriate, and students must comply with the stricter requirement. The principal makes the final determination of the appropriateness of the student's appearance. Students inappropriately dressed are required to change their clothing or leave the school.

FAILURE TO ADHERE TO DRESS CODE:

Failure to adhere to regulations regarding dress and grooming may result in the following:

ELECTRONICS

CELL PHONES/HEADPHONES/ELECTRONIC DEVICES

Easton Valley believes in responsible use of cell phones, as well as any new technology developed for similar purposes. Easton Valley extends to students the privilege to possess, display and use cell phones between classes, during meal times and before and after school, including buses. Such devices are NOT to be displayed, activated or used during class time, unless the classroom teacher is encouraging the use of such devices as a part of instruction.

Students will be disciplined for the possession of cell phones with cameras in school locker rooms or restrooms. At no time are students authorized to video, photograph or audio record others in the school building, on buses, or at school activities without the consent of the other party. In cases where a law may be violated, law enforcement may be contacted. It is up to each student to obey policy regarding the above devices without question.

If a student's cell phone has disrupted the learning environment of a class, a teacher may request that the student turn their phone into the office. When this happens, the following consequences will incur:

SOCIAL MEDIA

Introduction

Easton Valley recognizes that access to technology in school gives students, parents and teachers greater opportunities to learn, engage, communicate, and develop skills that will prepare them for work, life, and citizenship. We are committed to helping students develop 21st-century technology and communication skills.

To that end, this **Social Media Statement** outlines the guidelines and behaviors that users are expected to follow when using school technologies or when using personally-owned devices on the school campus.

- Students, parents and teachers are expected to follow the same rules for good behavior and respectful conduct online as offline.
- Misuse of social media can result in disciplinary action.
- Easton Valley makes a reasonable effort to ensure students' safety and security online, but will not be held accountable for any harm or damages that result from misuse of social media technologies.

We encourage teachers, students, staff, and other school community members to use social networking/media (Twitter, Facebook, Snapchat, Instagram, etc.) as a way to connect with others, share educational resources, create and curate educational content, and enhance the classroom experience. While social networking is fun and valuable, there are some risks you should keep in mind when using these tools. In the social media world, the lines are blurred between what is public or private, personal or professional.

We've created these social networking/media guidelines for you to follow when representing the school in the virtual world.

Please do the following:

- Be careful with how much and what kind of identifying information you post on social networking sites. Virtually anyone with an email address can access your personal page. It is unwise to make available information such as full date of birth, social security number, address, phone number, cell phone numbers, class schedules, bank account information, or details about your daily routine. All of these can facilitate identity theft or stalking. Social Media sites provide numerous privacy settings for information contained in its pages. Use these settings to protect private information. However, once posted, remember the information becomes property of the website and public record.
- Be aware that community members, family and potential current and future employers and college admissions offices often access information you place on online social networking sites. You should think about any information you post on sites or similar directories that potentially portrays an image of you to a prospective employer or school. The information is considered public information. Protect yourself by maintaining a self-image that you can be proud of years from now.
- Don't have a false sense of security about your rights to freedom of speech when using Social Media. Understand that freedom of speech is not unlimited. The online social network sites are NOT a place where you can say and do whatever you want without repercussions or personal accountability.
- Remember photos once put on the social network site's server become their property and public record. You may delete the photo from your profile but it still stays on their server. Internet search engines like "Google" or "Yahoo" may still find that image long after you have deleted it from your profile. Think long and hard about what type of photo you want to represent you.
- Whoever is the "adult" (over 18) responsible for the contracts, computers, phone lines, etc. is liable for your actions as a minor as well.

Things Students Should Avoid While Using Social Media

- Derogatory language or remarks about our students, teammates, school personnel and our community at-large; as well as, teachers or coaches; student-athletes, administrators or representatives of other schools.
- Demeaning statements about or threats to any third party (including support of demeaning statements and threats). Don't respond to these.
- Distribution and possession of unauthorized videos and photos or statements depicting violence; hazing; sexual harassment and content; vandalism, stalking; underage drinking, selling, possessing, or using controlled substances; or any other inappropriate behaviors.
- Creating a serious danger to the safety of another person or making a credible threat of serious physical or emotional injury to another person.
- Indicating knowledge of unreported felonies, crimes, thefts or damage to property or unethical behavior.
- Indicating knowledge of an unreported school or team violation, regardless if the violation was unintentional or intentional. One of the biggest lessons social network users can learn is that anything you post online enters the public record. You never know who may be looking and when.

GENERAL

ADMISSIONS TO BUILDINGS

Students will be admitted to the building at 8:00 each morning unless weather is inclement. Students should be out of the building each day no later than 10 minutes after the end of the school day unless on supervised teacher activities. Students may enter **at 7:45 in the office area** to get admit slips.

Students are not permitted to be in the building unless they are supervised by school personnel or other authorized adults. Students found in the building without supervision will be subject to school disciplinary action and may be subject to criminal trespass charges

ANNOUNCEMENTS AND POSTERS

Each morning announcements of the day's activities will be available in the office. The building secretary will email the announcements to the students by 9:30 a.m. each day. The announcements will also be posted on the bulletin board by the high school office each day. Teachers/Principal will read the announcements to the students at the beginning of their 2nd period classes. Any student responsible for putting notices in the morning report must have the announcements signed by the sponsor and submitted to the office no later than 8:20 a.m. on the morning the announcement is to be made. Posters may be placed in the buildings or on the grounds with the principal's permission. The person who puts up the poster is also responsible for removing the poster and placing it in appropriate trash cans.

Since the announcement information is available to all students, all students are responsible for information contained in the announcement each day.

CITIZENSHIP

Being a citizen of the United States of Iowa and the school district community entitles students to special privileges and protections as well as requiring the students to assume civic, economic and social responsibilities and to participate in their country, state and school district community in a manner that entitles them to keep these rights and privileges.

As part of the education program, students shall have an opportunity to learn about their rights, privileges, and responsibilities as citizens of this country, state and school district community. As part of this learning opportunity students shall be instructed in the elements of good citizenship and the role quality citizens play in their country, state and school district community.

CLOSING OF SCHOOL

A severe storm or other emergency may require school to be canceled or dismissed early. A decision to close the school is generally made by 6:30 a.m. When school is canceled, this information is called to radio stations KMAQ Maquoketa and WCCI Savanna. Easton Valley Schools will also be contacting parents via phone using the JMC Call Center.

Extracurricular activities or practices scheduled for the day or evening of a day when school is canceled or dismissed early are generally canceled and rescheduled. The principal may determine whether to hold extracurricular activities or practices. If the extracurricular activity is to be held, students and parents are notified in the same manner as the notification that school was dismissed.

EMERGENCY DRILLS

Periodically the school holds emergency fire, tornado and bomb threat drills. At the beginning of each semester, teachers notify students of the procedures to follow in the event of a drill. Emergency procedures and proper exit areas are posted in all rooms.

Students are expected to remain quiet and orderly during a drill or an emergency. Students who pull the fire alarm or call in false alarms, in addition to being disciplined under the school district's policies, rules and regulations, may be reported to law enforcement officials.

FIRE PROTECTION

The fire extinguishers in the halls and classrooms are for the protection of all students. When a student sprays one as a prank, he or she endangers the lives of all students. Therefore, tampering with the fire extinguishers will be considered to be a major disciplinary problem and suspension from school will be imposed. Pulling a fire alarm as a prank falls into this same category.

HALL PASSES

A student may not leave class or be in the hallway during class without a hall pass. A hall pass is obtained from your teacher, initialed by him/her, initialed at your destination, and returned to your teacher. No student should be in the hall without a Hall Pass.

Easton Valley Schools will continue to report school closings due to snow or weather on KWQC Channel 6, WCCI FM 100.3, KMAQ 95.1 FM and will use this system as an overlay to the public announcements. Messages can only be placed via JMC Call Center when it supports communication about a program of the school or the operation of the school district.

When used, the service will simultaneously call all listed phone numbers in our parent contact list and will deliver a recorded message from a school administrator. SCHOOL FINANCE

Any money raised by entertainments, solicitations, plays, sale of tickets, or in any other manner by the students and faculty in the name of the school or any school organization must be deposited in the principal's office. All money raising activities must have been approved by the principal and appropriate sponsor. No money shall be expended without first obtaining a purchase order signed by the principal.

The school principal will keep a separate account for each permanent organization of the school. Funds deposited to the credit of any organization shall be subject to the order of that body and may be withdrawn by voucher approved by the sponsor and signed by the principal.

All proceeds earned from fundraising, etc. are property of the school. Upon graduation the senior class money is kept by the school to be used for future school activities and is not property of that specific senior class.

SCHOOL VISITORS

Students are not allowed to bring visitors to school because of liability implications. Parents are always welcome, but are encouraged to make an appointment to see a teacher, the principal or visit their children's classes.

STUDENT LOCKERS AND DESKS

Student lockers and desks are the property of the school district. Students shall use the lockers and desks assigned to them for storing their school materials and personal items necessary for attendance at school. It is the responsibility of each student to keep the student's assigned locker and desk clean and undamaged. The expenses to repair damage done to a student's locker and desk are charged to the student.

Although school lockers, desks and other spaces are temporarily assigned to individual students, they remain the property of the school district at all times. The school district has a reasonable and valid interest in insuring the lockers, desks and other spaces are properly maintained. For this reason, lockers, desks and other spaces are subject to unannounced inspections and students have no legitimate expectations of privacy in the locker, desk or other space. Periodic inspections of all or a random selection of lockers, desks or other space may be conducted by school officials in the presence of the student or another individual. Any contraband discovered during such searches shall be confiscated by school officials and may be turned over to law enforcement officials.

The contents of a student's locker, desk or other space (coat, backpack, purse, etc.) may be searched when a school official has a reasonable and articulable suspicion that the contents contains illegal or contraband items or evidence of a violation of law or school policy or rule. Such searches should be conducted in the presence of another adult witness when feasible.

STUDENT PARKING

Students driving to school should park in designated parking areas only. No student is to occupy his/her car at any time during the school day (including during lunch), except with administrative permission. Failure to obey the above regulations will result in either temporary or permanent loss of driving privileges to be determined by school officials.

VISITORS TO SCHOOL

Individuals are permitted to attend school sponsored or approved activities or visit school buildings only as guests of the school district and, accordingly as condition of such permission, they must comply with the school district's rules and policies. Individuals will not be allowed to interfere with the education program, enjoyment of the students participating, other individuals or with the performance of employees and officials supervising the school sponsored or approved activity.

Visitors, which include persons other than employees or students, must notify the principal of their presence in the facility upon arrival. Persons who wish to visit a classroom while school is in session shall notify the principal and obtain approval from the principal prior to the visit so appropriate arrangements can be made and so class disruption can be minimized. Teachers and other employees may not take time from their duties to discuss matters with visitors.

Visitors will conduct themselves in a manner fitting to their age level and maturity and with mutual respect and consideration

for the rights of others while on school grounds and/or attending school events. Visitors failing to conduct themselves accordingly may be asked to leave the premises. Children who wish to visit school buildings must be accompanied by a parent or responsible adult.

Conduct including, but not limited to, the following types of conduct will not be tolerated:

Abusive verbal or physical conduct of individuals directed at students, employees, officials or sponsors of sponsored or approved activities or at other individuals.

Verbal or physical conduct of individuals that interferes with the performance of students, employees, officials or sponsors of sponsored or approved activities.

The use of vulgar, obscene or demeaning expression directed at students, employees, officials or sponsors participating in a sponsored or approved activity or at other individuals.

If an individual becomes physically or verbally abusive, uses vulgar, obscene or demeaning expression or in any way interrupts an activity, the individual may be removed from school grounds and/or the event by the individual in charge of the event and the superintendent may recommend the exclusion of the future from school buildings and/or from sponsored or approved activities.

In this handbook, the word "parent" also means "guardian" unless otherwise stated. An administrator's title, such as superintendent or principal, also means that individual's designee unless otherwise stated. The term "school grounds" includes the school district facilities, school district property, property within the jurisdiction of the school district or school district premises, school-owned or school-operated buses or vehicles and chartered buses. The term "school facilities" includes school district buildings and vehicles. The term "school activities," means all school activities in which students are involved whether they are school-sponsored or school-approved, whether they are an event or an activity, or whether they are held on or off school grounds.

Infectious or communicable diseases include, but are not limited to, mumps, measles and chickenpox.

A student becoming ill must get permission from his/her teacher and report to the office.

If a student has to stop by the restroom before coming to the office he/she must report to the office as soon as possible or send someone to notify the office.

Before an ill student can be released from school the school nurse will be contacted (if she is in the district at that time) and then a parent will be contacted.

Failure to follow the above procedures will result in a student being considered truant.

ASBESTOS NOTIFICATION

Asbestos has been an issue of concern for many years. The Asbestos Hazard Emergency Response Act of 1986 ([AHERA](#)) was designed to determine the extent of asbestos concerns in the schools and to act as a guide in formulating asbestos management policies for the schools. The school district facilities have been inspected by a certified asbestos inspector as required by AHERA. The inspector located, sampled and determined the condition and hazard potential of all material in the school facilities suspected of containing asbestos. The inspection and laboratory analysis records form the basis of the asbestos management plan.

A certified management planner has developed an asbestos management plan for the school district facilities which includes: notification letters, training for employees, a set of procedures designed to minimize the disturbance of asbestos-containing materials, and plans for regular surveillance of the materials. A copy of the management plan is available for inspection in the office.

The complaint will state the nature of the grievance and the remedy requested. The filing of the formal, written complaint at level two must be within 15 working days from the date of the event giving rise to the grievance, or from the date the grievant could reasonably become aware of such occurrence. The grievant may request that a meeting concerning the complaint be held with the Compliance Officer. A minor student may be accompanied at that meeting by a parent or guardian. The Compliance Officer will investigate the complaint and attempt to resolve it. If, in cases of disability grievances at the elementary and secondary level, the issue is not resolved through the grievance process, rather, the parents have a right to an impartial hearing to resolve the issue.

This procedure in no way denies the right of the grievant to file formal complaints with the Iowa Civil Rights Commission, the U.S. Department of Education Office for Civil Rights or Office of Special Education Programs, the Equal Employment Opportunity Commission, or the Iowa Department of Education for mediation or rectification of civil rights grievances, or to seek private counsel for complaints alleging discrimination.

POLICIES

CHEATING AND PLAGIARISM

Cheating is defined as the practice of fraud or trickery and/or violation of rules in a dishonest manner. Ex: copying off someone's test.

Plagiarism is defined as stealing or passing off ideas or words of another as your own, without crediting the source. Ex: copying and pasting a term paper off the internet

Our responsibility in education is to foster responsible learning and work practices. With this concept in mind, cheating and plagiarism will not be tolerated. In college these practices are dealt with by course removal with a failing grade or by expulsion. In the work world the result could be dismissal from employment. Infractions at the high school level must be dealt with at the same level; however, there is never a one solution fits all. With this in mind, penalties may range from redoing the work for an equal or lesser score, receiving a zero for the work, losing credit for the course and/or removal from class. This decision will be made by the classroom teacher after possible consultation with the principal and parent.

The following list comes from the University of Iowa's student handbook:

You are plagiarizing or cheating if you do the following:

- Present the ideas of others as your own without giving credit to the source

- Use direct quotations without quotation marks and without giving credit to the source
- Paraphrase without crediting source
- Participate in a group project that presents plagiarized materials
- Accept credit for a group project without doing one's share.
- Fail to provide adequate citations from materials obtained through electronic research
- Download and submit work from electronic databases without citation
- Submit materials written by someone else as your own. This includes purchasing a term or research paper.
- Allow someone to copy and submit one's own work as his or her own, including sharing of materials for others to access for information
- Copy someone else's exam, graded homework, or laboratory work
- Submit the same paper in more than one course without the knowledge and approval of the instructors
- Using notes or other materials during a test or exam without authorization
- Not following guidelines specified by the instructor for a "take-home" test or exam

HOMELESS

A homeless child is defined as a child or youth between the ages of 5 and 21 who lacks a fixed, regular and adequate nighttime residence and includes a child or youth who is living on the street, in a car, tent, or abandoned building or some other form of shelter not designed as a permanent home; who is living in a community shelter facility; or who is living with non-nuclear family members or with friends, who may or may not have legal guardianship over the child or youth of school age

LIBRARY BOOKS

Books will be checked out for two (2) weeks with privilege to renew them for two (2) weeks. Magazines may be checked out overnight.

Books and magazines that are lost or damaged will be paid for by the person who has checked them out.

Encyclopedias and other reference books cannot be removed from the library at any time.

All returned books and magazines are to be placed on the desk so that the librarian can put them away.

Books placed on reserve may be used only in the library. They may be checked out overnight on first-come, first-serve basis after 3:15 and are due before 8:45 the next morning.

Library privileges may be suspended by any teacher for a period of time not to exceed two (2) weeks provided there is a good cause.

Students who have fines not paid or books overdue more than two (2) weeks will be denied all privileges.

THE SCHOOL AND THE LAW

An unlawful act taking place on school grounds, the building, or at school sponsored activities will make the student subject to penalties which the courts may prescribe, and will also result in severe disciplinary action from the school.

STUDENT COMPLAINTS

Students may file a complaint regarding school district policies, rules and regulations or other matters by complying with the following procedure. This procedure is strictly followed except in extreme cases.

- If an employee is involved, discuss the complaint with the employee within *3 school days* of the incident;
- If unsatisfied with the employee's response or if there is no employee involved, talk to the principal within *3 school days* of the employee's response or the incident;
- If unsatisfied with the principal's response, talk to the superintendent within *3 school days* of the principal's response;
- If unsatisfied with the superintendent's response, students may request to speak to the board within *3 school days* of the superintendent's response. The board determines whether it will address the complaint.

STUDENT FEES

There is a registration fee for the use of books, lockers, and other facilities. The registration fee is to be paid during school registration or the first nine (9) weeks of the school year. Supplies for some classes such as art, family consumer science, and shop are not included in the registration fee and will be paid by the individual student depending upon when the supplies are needed. Inquire in the school office about student fee waivers and reduction procedures if you feel you qualify.

STUDENT SEARCHES

In order to protect the health and safety of students, employees and visitors to the school district and for the protection of the school district facilities, students and their belongings and school owned lockers and desks may be searched or inspected. A search of a student will be justified when there are reasonable grounds for the suspicion that the search will turn up evidence that the student has violated or is violating the law or school district policy, rules, or regulations affecting school order.

Reasonable suspicion may be formed by considering factors such as the following:

- eyewitness observations by employees;
- information received from reliable sources;
- suspicious behavior by the student; or,
- the student's past history and school record although this factor alone is not sufficient to provide the basis for reasonable suspicion.

A search will be permissible in its scope or intrusiveness when the measures adopted are reasonably related to the objectives of the search. Reasonableness of scope or intrusiveness may be determined based on factors such as the following:

- the age of the student;
- the sex of the student;
- the nature of the infraction; and,
- the emergency requiring the search without delay.

A student's body and/or personal effects (e.g., purse, backpack, etc.) may be searched when a school official has reasonable suspicion to believe the student is in possession of illegal or contraband items or has violated school district policies, rules, regulations or the law affecting school order.

Personally intrusive searches will require more compelling circumstances to be considered reasonable. If a pat-down search or a search of a student's garments (such as jackets, socks, pockets, etc.) is conducted, it will be conducted in private by a school official of the same sex as the student and with another adult witness of the same sex present, when feasible. A more intrusive search, short of a strip search, of the student's body, handbags, bookbags, etc., is permissible in emergency situations when the health and safety of students, employees, or visitors are threatened. Such a search may only be

conducted in private by a school official of the same sex as the student, with an adult of the same sex present unless the health or safety of students will be endangered by the delay which may be caused by following these procedures.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on the school premises may be searched if the school official has reasonable and articulable suspicion to believe that illegal, unauthorized or contraband items are contained inside.

WITHDRAWAL

Students wishing to withdraw from school or transfer must stop in the office and give official notification, and shall be reimbursed according to board policy. Students transferring must have their parents notify the office and fill out a form so that records may be sent immediately.

PUBLICATIONS

STUDENT PUBLICATIONS

Iowa Code 280.22

Students may produce official school district publications as part of the curriculum under the supervision of a faculty advisor and principal. Official school district publications include, but are not limited to, the school newspaper and yearbook. Expression made by students, including student expression in the school district publications, is not an expression of official school district policy. The school district, the board and the employees are not liable in any civil or criminal action for student

expression made or published by students unless the employees or board have interfered with or altered the content of the student speech or expression. Copies of the school district publication code can be obtained from superintendent.

A faculty advisor supervises student writers to maintain professional standards of English and journalism and to comply with the law including, but not limited to, the restrictions against unlawful speech. No student shall express, publish or distribute in an official school district publication material which is:

- obscene;
- libelous;
- slanderous; or

 - ✓ disrupt or interfere with the education program;
 - ✓ interrupt the maintenance of a disciplined atmosphere; or

Students who believe they have been unreasonably restricted in their exercise of expression in an official student publication should follow the complaint procedure outlined in this handbook.

TECHNOLOGY

APPROPRIATE USE OF COMPUTERS, COMPUTER NETWORK SYSTEMS AND THE INTERNET

The Board of Directors of the Easton Valley Community School District is committed to making available to students and staff members access to a wide range of electronic learning facilities, equipment, and software, including computers, computer network systems, and the Internet. The goal in providing this technology and access is to support the educational objectives and mission of the Easton Valley Community School District and to promote resource sharing, innovation, problem solving, and communication.

Access to the District's computers, computer network systems, and the Internet shall be available to all students and staff within the District. However, access is a privilege, not a right. Each student and staff member must have a signed acceptable use agreement on file prior to having access to and using the District's computers, computer network systems, and the Internet. The amount of time and type of access available for each student and staff member may be limited by the District's technology and the demands for the use of the District's technology. Even if students have not been given access to and/or use of the District's computers, computer network systems, and the Internet, they may still be exposed to information from the District's computers, computer network systems, and/or the Internet in guided curricular activities at the discretion of their teachers.

Every computer in the District having Internet access shall not be operated unless Internet access from the computer is subject to a technology protection measure (i.e. filtering software). The technology protection measure employed by the District shall be designed and operated with the intent to ensure that students are not accessing inappropriate sites that have visual depictions that include obscenity, child pornography or are otherwise harmful to minors. The technology protection measure may only be disabled for an adult's use if such use is for bona fide research or other lawful purposes.

The use of the District's computers, computer network systems, and Internet access shall be for educational purposes only. Students and staff members shall only engage in appropriate, ethical, and legal utilization of the District's computers, computer network systems, and Internet access. Students' and staff members' use of the District's computers, computer network systems, and Internet access shall also comply with all District policies and regulations. Inappropriate use and/or access will result in the restriction and/or termination of this privilege and may result in further discipline for students up to and including expulsion and/or other legal action and may result in further discipline for staff members up to and including termination of employment and/or other legal action. The District's administration will determine what constitutes inappropriate use and their decision will be final. The technology coordinator may close a user account at any time as required and administrators, faculty, and staff may request the technology coordinator to deny, revoke or suspend user accounts. Any user identified as a security risk or having a history of problems with computer systems may be denied access to the District's computers, the District's computer network systems, and the Internet. Students and staff members will be instructed by the District's technology coordinator or other appropriate personnel on the appropriate use of the District's computers, computer network systems, and the Internet.

The following are rules for appropriate use by the District's students and staff of the District's computers, computer network systems, and the Internet:

- Do not make offensive or harassing statements or use offensive or harassing language including disparagement of others based on their race, national origin, sex, sexual orientation, age, disability, religious or political beliefs. Do not swear, use vulgarities or any other inappropriate language. Be polite and follow the same privacy, ethical, educational, and other considerations observed regarding other forms of communication.

- Do not send or solicit sexually oriented messages or images.

- Do not transmit your credit card information or other personal identification information, including your home address or telephone number from any District computer. Do not publish personal or private information about yourself or others on the Internet without prior written permission. Do not arrange or agree to meet with someone met online.

- Do not use the District's computers and/or computer network systems to participate in illegal activities. Illegal activities include, but are not limited to, gambling, fraud, and pornography.

- Do not subscribe to Listservs, bulletin boards, online services, e-mail services or other similar services without prior permission from the technology coordinator or other appropriate personnel.

- Do not use, possess or attempt to make or distribute illegal/unauthorized copies of software or other digital media. Illegal/unauthorized software or other digital media means any software or other digital media that has been downloaded or copied or is otherwise in the user's possession or being used without the appropriate registration and/or license for the software or in violation of any applicable trademarks and/or copyrights, including the payment of any fees to the owner of the software or other digital media.

- Do not alter, modify, corrupt or harm in any way the computer software stored on the District's computers or computer network systems. Do not install any software on the hard drive of any District computer or on the District's computer network systems or run any personal software from either floppy disk, CD-ROM, DVD or other storage media or alter or modify any data files stored on the District's computers or computer network systems without prior permission and supervision from the technology coordinator or other appropriate personnel.

- Do not download any programs or files from the Internet without prior permission from the District's technology coordinator or other appropriate personnel. Any programs or files downloaded from the Internet shall be strictly limited only to those that you have received permission from the technology coordinator or other appropriate personnel to download.

-Do not disable or circumvent or attempt to disable or circumvent filtering software.

-Do not play any games that are not related to the District's educational program.

-Do not vandalize the District's computers or its computer network systems. Vandalism is defined as any attempt to harm, modify, deface or destroy physical computer equipment or the computer network and any attempt to harm or destroy data stored on the District's computer equipment or the computer network or the data of another user. All users are expected to immediately report any problems or vandalism of computer equipment to the administration, the technology coordinator or the instructor responsible for the equipment.

-Do not commit or attempt to commit any act that disrupts the operation of the District's computers or computer network systems or any network connected to the Internet, including the use or attempted use or possession of computer viruses or worms or participation in hacking or other unlawful inappropriate activities online. Users must report any security breaches or system misuse to the administration or technology coordinator. Do not demonstrate any security or other network problems to other users; give your password to another user for any reason; and/or use another individual's account. Do not attempt to log on to any device as a system administrator.

-Do not use the network in such a way that you would disrupt the use of the network by other users or would waste system resources (e.g. listening to Internet radio, printing web pages without prior permission from the technology coordinator or other appropriate personnel, staying on the network longer than is necessary to obtain needed information).

-Do not use the District's computers and/or computer network systems for any commercial or for-profit purposes, personal or private business (including but not limited to shopping or job searching), product advertisement or political lobbying.

-Do not use computer accessories (including, but limited to, digital cameras, camcorders and printers) for inappropriate content or to be used in any way other than for educational purposes and school related events.

-Do not use the District's computers, computer network systems, and/or the Internet to access, download, and/or transmit any material in violation of any federal or state law, copyrighted material, obscene material, hate literature, material protected by trade secret, computer viruses and/or worms, offensive material, spam e-mails, any threatening or harassing materials, and/or any material that will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities. If a user encounters potentially inappropriate information, the user shall immediately

terminate contact with such information and notify the technology coordinator or other appropriate personnel of the contact with inappropriate information.

-Do not bring computers and/or accessories with network capability from outside the district, such as personal notebooks or laptops, to connect to the network without permission from the technology director.

-Do not plagiarize information accessed through the District's computer, computer network systems, and/or the Internet. Students and staff shall obtain permission from appropriate parties prior to using copyrighted material that is accessed through the District's computer, computer network systems, and/or the Internet.

Although reasonable efforts will be made to make sure students will be under supervision while on the network, it is not possible to constantly monitor individual students and what they are accessing on the network. Some students might encounter information that may not be of educational value and/or may be inappropriate. If a student encounters such information, the student should terminate access to the information immediately and notify supervisory personnel or other appropriate personnel of what occurred.

Students will be able to access the District's computers and computer network systems, including use of the Internet, through their teachers and/or other appropriate supervisors. Individual electronic mail addresses will not be issued to students. Students will not be allowed to use e-mail except under very specific, limited educational circumstances. If a student has an electronic mail address that has been set up outside of school, the student will not be permitted to access that email account or use that address to send and receive mail at school.

Parents will be required to sign a permission form to allow their students to access the District's computers, computer network systems, and the Internet. Students and staff members will sign a form acknowledging they have read and understand the District's policies and regulations regarding appropriate use of the District's computers and computer network systems, that

they will comply with the policies and regulations, and understand the consequences for violation of the policy or regulations. Prior to publishing any student work and/or pictures on the Internet, the District will obtain written permission from the student's parents to do so.

The District has the right, but not the duty, to monitor any and all aspects of its computers, computer network systems, and Internet access including, but not limited to, monitoring sites students and staff visit on the Internet and reviewing e-mail. The administration and the technology coordinator shall have both the authority and right to examine all computer and Internet activity including any logs, data, e-mail, computer disks and/or other computer related records of any user of the system. The use of e-mail is limited to District and educational purposes only. Students and staff waive any right to privacy in anything they create, store, send or receive on the District's computers and computer network systems, including the Internet.

No warranties, expressed or implied, are made by the District for the computer technology and Internet access being provided. The District, including its officers and employees, will not be responsible for any damages including, but not limited to, the loss of data, delays, non-deliveries, mis-deliveries or service interruptions caused by negligence or omission. Individual users are solely responsible for making backup copies of their data. The District also is not responsible for the accuracy of information users access on the Internet. Any risk and/or damages resulting from information obtained from the District's computers, computer network systems, and/or Internet access is assumed by and is the responsibility of the user.

Students, parents, and staff members may be asked from time to time to sign a new consent and/or acceptable use agreement to reflect changes and/or developments in the law or technology. When students, parents, and staff members are presented with new consent and/or acceptable use agreements to sign, these agreements must be signed for students and/or staff to continue to have access to and use of the District's computers, computer network systems, and the Internet.

The interpretation, application, and modification of this policy are within the sole discretion of the Easton Valley School District. Any questions or issues regarding this policy should be directed to the Superintendent, any building principal or the technology coordinator. The Board of Directors will review and update this policy as necessary.

EASTON VALLEY SCHOOL DISTRICT IMPLEMENTATION OF TECHNOLOGY PROTECTION MEASURES REGARDING THE USE OF THE DISTRICT'S COMPUTERS, COMPUTER NETWORK SYSTEMS, AND INTERNET ACCESS

The purpose of this policy is to provide a safe environment for students through the use of technology protection measures (i.e. filtering software) to enhance education in the Easton Valley School District.

The Internet is an ever expanding resource that adds large quantities of content on a daily basis. However, some of the content is inappropriate for student use and may even be harmful to students' health, safety and welfare. Therefore, the Easton Valley School District has determined that it will establish this policy to limit student access to certain undesirable topics, including but not limited to, information and images that are obscene, constitute child pornography or are otherwise harmful to minors. Since it is not feasible for the District to continually monitor the content of the Internet, the Easton Valley School District will employ technology protection measures in the form of Internet filtering software in an attempt to block access to these types of harmful and inappropriate materials.

The District's implementation of Internet filtering software does not guarantee that students will be prevented from accessing materials that may be considered inappropriate and/or harmful. However, it is a meaningful effort on the part of the District to prevent students from accessing inappropriate and/or harmful materials on the Internet. The District makes no guarantee that the filtering software will be available at all times or that the filtering software will block all inappropriate and/or harmful material.

If there is an accessible Uniform Resource Locator [URL] that may be inappropriate, students, staff, and parents may request a review by designated District personnel, by completing an Add URL to Blocked Status form. Upon review, the technology coordinator or other appropriate personnel will make a determination about blocking access to that site. If there is an educationally valuable URL that is blocked, students, staff, and parents may fill out the Remove URL from Blocked Status grievance form. The technology coordinator or other appropriate personnel will review the request and make a determination about unblocking the site.

Staff members may request that the Internet filtering software be disabled for bona fide research or other lawful purposes. A bona fide research form will need to be filled out and reviewed by the technology coordinator or other appropriate personnel before the Internet filtering software is disabled.

STUDENT VIOLATIONS-CONSEQUENCES AND NOTIFICATIONS.

Students who access restricted items on the Internet are subject to the appropriate action described in board policy or regulations or the following consequences:

First Violation – A verbal or written “warning” notice will be issued to the student. The student may lose Internet access for a period of 3 weeks at the discretion of the supervising teacher. A copy of the notice will be mailed to the student’s parent and a copy provided to the building principal.

Second Violation-A verbal and written “Second Violation” notice will be issued to the student. A copy of the notice will be sent to the student’s parent and a copy provided to the building principal. The student will forfeit all Internet privileges for a minimum period of 9 weeks.

Third Violation-A verbal and written “Third Violation” notice will be issued to the student. A copy of the notice will be sent to the student’s parent and a copy provided to the building principal. The student will forfeit all Internet privileges for 12 months or for the balance of the school year.

When a student is on probation or suspended from use of technology at school based on an infraction or incident of abusing or misusing the Internet, this should include being able to have a cell phone, IPOD, or MP3 player for the length of the period or suspension.

If a student is caught misusing or abusing.....

The student will be prohibited from using a computer and or the Internet for a period of time and a letter will be sent home. Inschool suspension for a period of time may also be incurred. The student will also not be allowed to use school laptops, or computers without being monitored by school personnel.
