ALL RULES, REGULATIONS, AND DEFINITIONS IN THIS HANDBOOK ARE AN EXTENSION OF BOARD POLICY AND HAVE BEEN APPROVED BY THE BOARD OF EDUCATION.

ACADEMIC AWARD -PRESIDENTIAL

Presidential awards will be made to graduating seniors who meet the following criteria:

- 1. Attained an A- average or equivalent, accumulated over grades 9, 10, 11, and the first semester of grade 12. The A- average is defined as equivalent to 3.50 on a 4.00 point scale or a 90 on a 100 point scale.
- 2. Received a score in the 11th and 12th grade, placing them at or above the 80th percentile on a nationally recognized standardized achievement test battery or nationally recognized standardized college admissions examination such as the ACT or SAT. The school may decide which composite norm to utilize. (We will use the national percentile score on the ACT.)
- 3. New basics are defined as English, *Math, Science, Social Studies, Foreign Language, and Computer Science. Students must take 12 credits in any of these areas, but need not take a course in <u>each</u> area. Example: A student who has not taken a foreign language course may still be eligible for an award.
- *At North Linn, only Algebra I, Algebra II, Geometry, Pre-Calculus and Calculus apply toward the mathematics requirement.

ACADEMIC SUBJECT ENROLLMENT

Please refer to the Course Description Book.

ACADEMIC HONORS

North Linn students will be recognized for "Academic Honors" at commencement. To receive this recognition there are specific criteria that a student must meet:

- 1. A student must have a minimum grade point average of 3.667 on a 4.00 grade point average for three and 1/2 years (7 semesters) of high school.
- 2. A student must have taken a minimum of three (6 semesters) years of math. (General math and Pre-Algebra will not be used to meet this requirement. The three must be from Algebra I, Geometry, Algebra II, Pre-Calculus, and Calculus.
- 3. A student must have taken a minimum of three years (6 semesters) of science. (In addition to Earth Science and Biology I, a student must take one or more of the following: Chemistry, Biology II, Anatomy/Physiology, and/or Physics).
- 4. A student must have taken a minimum of four years (8 semesters) of English in grades 9-12 including at least one semester writing course of either Creative Writing, Advanced Composition, AP Language or AP Lit. (In addition to English 9 and 10, a student must select from the following: English Literature, American Literature, Public Speaking and/or Expository Writing).

ACADEMIC ELIGIBILITY

(as determined by the Iowa Dept. of Ed.)

36.15(2) Scholarship rules.

- a. All contestants must be enrolled and in good standing in a school that is a member or associate member in good standing of the organization sponsoring the event.
- b. All contestants must be under 20 years of age.
- c. All contestants shall be enrolled students of the school in good standing. They shall receive credit in at least four subjects, each of one period or "hour" or the equivalent thereof, at all times.

To qualify under this rule, a "subject" must meet the requirements of 281—Chapter 12. Coursework taken under the provisions of Iowa Code chapter 261C, postsecondary enrollment options, for which a school district or accredited nonpublic school grants academic credit toward high school graduation shall be used in determining eligibility. No student shall be denied eligibility if the student's school program deviates from the traditional two semester school year.

- (1) Each contestant shall be passing all coursework for which credit is given and shall be making adequate progress toward graduation requirements at the end of each grading period. Grading period, graduation requirements, and any interim periods of ineligibility are determined by local policy. For purposes of this subrule, "grading period" shall mean the period of time at the end of which a student in grades 9 through 12 receives a final grade and course credit is awarded for passing grades. At North Linn this will be at the end of each semester.
- (2) If at the end of any grading period a contestant is given a failing grade in any course for which credit is awarded, the contestant is ineligible to dress for and compete in the next occurring interscholastic athletic contests and competitions in which the contestant is a contestant for 30 consecutive calendar days.
- d. A student with a disability who has an individualized education program shall not be denied eligibility on the basis of scholarship if the student is making adequate progress, as determined by school officials, towards the goals and objectives on the student's individualized education program.
- e. A student who meets all other qualifications may be eligible to participate in interscholastic athletics for a maximum of eight consecutive semesters upon entering the ninth grade for the first time. However, a student who engages in athletics during the summer following eighth grade is also eligible to compete during the summer following twelfth grade. Extenuating circumstances, such as health, may be the basis for an appeal to the executive board which may extend the eligibility of a student when the executive board finds that the interests of the student and interscholastic athletics will be benefited.
- f. All member schools shall provide appropriate interventions and necessary academic supports for students who fail or who are at risk to fail, and shall report to the department regarding those interventions on the comprehensive school improvement plan.
- g. A student is academically eligible upon entering the ninth grade.
- h. A student is not eligible to participate in an interscholastic sport if the student has, in that same sport, participated in a contest with or against, or trained with, a National Collegiate Athletic Association (NCAA), National Junior Collegiate Association (NJCAA), National Association of Intercollegiate Athletics (NAIA), or other collegiate governing organization's sanctioned team. A student may not participate with or against high school graduates if the graduates represent a collegiate institution or if the event is sanctioned or sponsored by a collegiate institution. Nothing in this sub rule shall preclude a student from participating in a one-time

tryout with or against members of a college team with permission from the member school's administration and the respective collegiate institution's athletic administration.

- i. No student shall be eligible to participate in any given interscholastic athletic sport if the student has engaged in that sport professionally.
- j. The local superintendent of schools, with the approval of the local board of education, may give permission to a dropout student to participate in athletics upon return to school if the student is otherwise eligible under these rules.
- k. Remediation of a failing grade by way of summer school or other means shall not affect the student's ineligibility. All failing grades shall be reported to any school to which the student transfers.

Academic Eligibility (Fine Arts)

36.15(2) Scholarship rules.

- a. All contestants must be enrolled and in good standing in a school that is a member or associate member in good standing of the organization sponsoring the event.
- b. All contestants must be under 20 years of age.
- c. All contestants shall be enrolled students of the school in good standing. They shall receive credit in at least four subjects, each of one period or "hour" or the equivalent thereof, at all times.

To qualify under this rule, a "subject" must meet the requirements of 281—Chapter 12. Coursework taken under the provisions of Iowa Code chapter 261C, postsecondary enrollment options, for which a school district or accredited nonpublic school grants academic credit toward high school graduation shall be used in determining eligibility. No student shall be denied eligibility if the student's school program deviates from the traditional two semester school year.

Each contestant shall be passing all coursework for which credit is given and shall be making adequate progress toward graduation requirements at the end of each grading period. Grading period, graduation requirements, and any interim periods of ineligibility are determined by local policy. For purposes of this sub-rule, "grading period" shall mean the period of time at the end of which a student in grades 9 through 12 receives a final grade and course credit is awarded for passing grades. At North Linn this will be at the end of each quarter.

If at the end of any grading period a participant receives a failing grade in any course for which credit is awarded, the participant is ineligible to participate in any event sanctioned by the IHSSA/IHSMA or any IHSAA/IHSMA sponsored event within a period of 30 consecutive school days. The period of ineligibility will begin with the first school day following the day grades are issued by the school district

d. A student with a disability who has an individual education program shall not be denied eligibility on the basis of scholarship if the student is making adequate progress, as determined by school officials, toward the goals and objectives on the student's individual education program.

Superintendents/Principals of the respective schools will verify the eligibility of their contestants at least two and $\frac{1}{2}$ weeks before any contest.

ACADEMIC IMPROVEMENT AWARDS

Students who meet the requirements for the Academic Improvement Certificate will be recognized at a ceremony to be held in the month of May of the current academic year.

ACADEMIC IMPROVEMENT CERTIFICATE

Students in the senior high will be recognized for improving their cumulative semester grade point by threetenths of a letter grade point from the preceding semester. Students who raise their Cumulative G.P.A. by this amount or greater will be awarded a certificate.

ACADEMIC ACHIEVEMENT AWARD

Students achieving a minimum cumulative semester grade point average (G.P.A.) of 3.33 or more on our 4.00 scale will be eligible to receive an Academic Achievement Award. Students must be enrolled in five full credit subjects. The five academic courses counted for this award must be letter graded and not on a pass/fail option. Grades from Kirkwood or other postsecondary institutions will be figured into the student's G.P.A. This semester average must initially be for a minimum of two (2) consecutive semesters of course work at the North Linn High School. Freshmen will be eligible for this award after they have completed two semesters at North Linn High School.

ACTIVITY FUND

The school Activity Fund will be administered through the principal's office. Each class or activity will have an account within this fund. No charges are to be made to the Activity Fund without authorization with a signed purchase order from the superintendent. The Activity Fund is open for inspection at all times and monthly reports will be made for the class sponsor and treasurer. All class and activity receipts are to be turned in to the office for deposit.

ANNOUNCEMENTS

Written announcements should be turned in to the office by 9:00 am. Daily announcements will be made over the intercom at the beginning of third period. All other announcements should occur in the first or last five minutes of a class period so they do not interrupt classes.

ATTENDANCE

It is important that a student display regular and punctual attendance in order to be successful at school and beyond. Because of this, the school has strong expectations for your attendance and timeliness.

ABSENCE: not present for a class or classes

EXCUSED: a parent documented, valid reason

UNEXCUSED: an undocumented or invalid reason

Excused Absences:

- Illness
- Bereavement
- School activities
- Professional appointment
- Religious observance
- Family activities

Others as approved by principal

Unexcused Absences

- Babysitting
- Haircut or hair appointment/pictures (Senior or other)
- Missed bus
- Overslept
- Skipping
- Working

Others as determined by principal

UNEXCUSED ABSENCES: Refer to Code No. 501.10

The district has not, does not, and shall not, recognize, condone or promote any type of "skip day". Students will not be given credit for work missed for unexcused absences.

ABSENCES FROM SCHOOL

If a student accumulates 10 absences per semester (either all excused or a combination of excused/unexcused), serious consideration shall be given to dropping the student from the school rolls for the remainder of the semester, with "no credit" recorded on the report card and permanent record card.

Any absence for two, three, or four period(s) in a given day shall count as one/half day against the total of ten absences. Any absence of five or more periods in a given day shall count as a whole day against the total of ten absences. Excused and unexcused absences are included in the count. Absences due to major illness, hospitalization, and medical/dental appointments shall be exempted from the accumulated count upon VERIFICATION BY THE DOCTOR'S/DENTIST'S OFFICE. Verification that would be acceptable would be appointment cards, receipts or copies of bills.

Parents/Guardians must call the school (224-3291), prior to 9:00 AM, on the days students are absent.

Failure of notification will result in the school's attempt to contact the parents/guardians at home or at work.

If there was no parent/guardian contact, students must, upon returning to school, present a note signed by a parent/guardian, STATING THE REASON FOR THE ABSENCE. Failure to contact the school, either by telephone or by note, within two school days of a documented absence shall cause the absence to be recorded as UNEXCUSED.

EXCUSED ABSENCES: Refer to Code 501.9

Those absences resulting from situations that could, logically and reasonably, be classified as excusable. Such situations would include medical/dental care, personal illness, funerals (bereavement), weddings, college visitations (juniors and seniors only), court appearances, legal matters, family work, family emergencies, family vacations (including hunting, trapping, and/or fishing trips with parents/guardians), and other contingencies deemed excusable by the administration.

Students shall be allowed to make up class work missed due to excused absences. Two days make up time shall be allowed for the first day absent and one day for the second and subsequent days missed during each period of absence. Students who fail to make up work in the allotted time period will receive a grade of "zero" for that work.

ADVANCED MAKE-UP:

Students are advised to make up work in advance of any known absence.

The advantage of doing advanced make-up work is that students will not have large sums of homework to complete after their return to school.

Make-up work of schoolwork in advance will not be allowed for skip days or other invalid days of non-attendance.

ATTENDANCE NOTIFICATION: EXCUSED ABSENCES

Should a tenth absence occur, the principal will determine whether or not there is sufficient reason to require parents/guardians to attend the next regularly scheduled board of directors meeting in order to explain, to the directors, the reason(s) for the absence(s). Failure of parents/ guardians to cooperate may result in a recommendation to the superintendent and board of directors that the student be removed from the class(es), (this removal will also count against the student's eligibility) or from the rolls for the remainder of the semester.

NOTIFICATION OF PARENTS/GUARDIANS FOR UNEXCUSED ABSENCES (per semester): (NOT INCLUDING TRUANCY)

- A. FIRST UNEXCUSED ABSENCE -An unexcused absence shall result in "no credit" for all classes missed on the day of the unexcused absence, or a student may choose to serve an in-school suspension and make up the work that was missed. The amount of time to be served on the in-school suspension will be determined by the principal.
- B. SECOND UNEXCUSED ABSENCE -A second unexcused absence shall result in "no credit" for all classes missed on the day of the unexcused absence. Two days of in-school detention will be assigned.
- C. THIRD UNEXCUSED ABSENCE -A third unexcused absence shall result in "no credit" for all classes missed on the day of the unexcused absence. Three days of in-school detentions will be assigned. School Resource Officer notified. School Resource Officer may file a report with the County Attorney for consideration of further action.
- D. FOURTH AND SUBSEQUENT UNEXCUSED ABSENCES The Superintendent of Schools shall be

notified. The superintendent will determine whether or not the absences justify discussion at the next meeting of the board of directors. The School Resource Officer shall be notified. The School Resource Officer may file a report with the County Attorney for consideration of further action.

E. ** Should a tenth unexcused absence occur, parents/guardians shall, unless there are extenuating circumstances, be required to attend the next regularly scheduled board of directors meeting in order to explain, to the directors, the reason(s) for the unexcused absence. Failure of parents/guardians to cooperate may result in a recommendation to the superintendent and board of directors that the student be removed from the rolls for the remainder of the semester. The School Resource Officer shall be notified. The School Resource Officer may file a report with the County Attorney for consideration of

TARDIES

further action.

Students who arrive to school late will be considered tardy. A tardy will be recorded if a student arrives up to 5 minutes late to school and or a class period. Beyond this time period, it will be recorded as an absence. A student's tardy offenses begin accumulating with each new semester. Guidelines regarding whether or not a tardy is excused or unexcused are the same as for absences. Consequences for unexcused tardies are as follows:

1st tardy -Recorded; no penalty 2nd tardy -Recorded; no penalty 3rd tardy -30 minute detention period assigned

A 30 minute detention will be assigned for every 3 tardies, either to school or to a class or a combination thereof.

TRUANCY

When a student is not in school or an assigned class and his/her whereabouts unknown, the student will be considered truant. Students who leave the building without permission will be subject to the same penalties. Students whose absence from school is considered to be an unexcused absence shall be deemed truant. Truancy offenses accumulate throughout the school year.

TRUANCY PROCEDURES (SKIPPING SCHOOL):

1st offense -double time missed in detentions, truancy documented, School Resource Officer notified.

2nd offense - 2 In-school detentions; parental conference with administration. School Resource Officer notified.

3rd offense - 4 In-school detentions; referral to the board of directors for further disciplinary action. School Resource Officer notified. The Resource Officer may choose to file a report with the County Attorney for consideration of further action.

AUTOMOBILES

Students driving to school shall park their vehicles immediately upon arrival and shall directly enter the school building. Driving to school is not an excused reason to be tardy.

Students may be counted as being in-school truant should a staff member or principal find them in the parking area without permission from the office.

Vehicles must be parked in marked parking spaces and shall not be parked in the area near the loading dock, the fuel pump area, and the faculty parking area. Vehicles must not be parked in such a manner as to prevent other cars from entering or leaving.

Student vehicles must be parked in the area designated for student parking. The area designated for student parking is that area along the baseball and softball fields north of the handicapped parking signs, the area north of the fuel island and south of the football field, and the area east of the locker rooms and weight room. The parking spaces adjacent to the district offices and immediately south of the football field are reserved for staff, busses, and district vehicles. All vehicles improperly parked may be towed away at the owner's expense.

NO DOUBLE PARKING -1st time - warning 2nd time, towed away

Speeding, reckless operation or making excessive noise on school property may result in citations from the legal community. Remember -DRIVE AS IF PEOPLE'S LIVES DEPENDS UPON YOUR ACTIONS! THEY DO. SPEEDING OR DRIVING RECKLESSLY COULD END A PERSON'S LIFE.

Driving to school is a PRIVILEGE and may be suspended at any time by the administration.

AWARDS POLICY - ATHLETICS

Please refer to Appendix A of this handbook for further information.

BEHAVIOR EXPECTATIONS FOR FINE ARTS PERFORMANCES AND OTHER EVENTS

The purpose of concert attendance is the enjoyment of the performance. The role of the audience at a concert is watching, listening and applauding. Any movement in or out of the auditorium by the audience is distracting and inconsiderate of those performing.

Performers who are part of the audience before or after their own performance have the added incentive of courtesy for fellow performers and should behave appropriately.

The following guidelines will constitute expected behavior of North Linn students attending concerts at school or under school auspices:

- 1. Students may leave or move between selections but never during actual performance.
- 2. During actual performance, students in the audience will be expected to be silent. Speaking is appropriate during the time between selections but never while a selection is actually being performed.

- 3. Whistling is an inappropriate response as applause or at any other time during a performance.
- 4. Students are asked to display acceptable audience behavior at all times.
- 5. Students who leave the building will be required to pay another admission price to re-enter the event unless they had prior permission to leave from the administrator in charge.
- 6. Students attending events in the gym are restricted to the gymnasium or the concession area if a concession is being offered.

Students may be asked to leave the performance or event if they fail to comply with these expectations.

BEVERAGES AND FOOD IN BUILDING

Because there are machines located in the lunchroom, there is no need to bring beverages or food (other than a sack lunch) into the school building. Those purchased in the building are to be consumed only in the lunchroom unless special permission is granted. Students shall not keep beverages or snack foods in their lockers. Students shall not go to the weight room, middle school, high school gym lobby, or north addition, or any other area of the campus to purchase beverages for consumption elsewhere. Beverages purchased in the north addition are to be consumed in the north addition. Students shall not have beverages in classrooms. Infractions of this rule may result in detention, suspension or expulsion. Teachers or administrators will confiscate food or beverages taken out of the lunchroom, stored in lockers, purchased off campus. Confiscated food or beverage will not be returned, nor will students be reimbursed for confiscated food or beverages.

BLOOD SPILLS -HIV/AIDS AWARENESS

As concern grows regarding protection from the HIV/AIDS virus, please be advised that if an accident occurs where blood is present, students should use these precautions. First, the closest school official should be contacted. The school official will handle the blood. Students should not make contact with the blood of another student.

Barriers, such as gloves, masks, etc., must be used to protect yourself from another person's blood if you need to give immediate first aid to a victim. Items may be picked up at the office.

If you have any further questions please contact your doctor or the office.

BUILDING MAINTENANCE

Let's all help keep our building one of the nicest in the area by doing what we can to ease the burden of the maintenance personnel as much as possible.

<u>STAFF MEMBERS</u> can help by making sure that students:

- 1. Leave a room in good order after a class. (Pick up paper from the floors, straighten chairs. etc.)
- 2. Do not allow writing on desktops, tables, walls, bulletin boards (keep desks away from bulletin boards), restroom walls or any other walls.
- 3. Do not allow sitting on desktops, tables, radiators, or any place else not designed for sitting.
- 4. Do not allow use of candles and/or water in the gym for proms, dances, banquets, etc.
- 5. Do not allow students to carry snow, rocks, etc. into the building.

STUDENTS are expected to:

- 1. Use waste baskets and dispose of all waste in a proper manner.
- 2. Put all equipment back in its proper place after use.
- 3. Do not clean paint brushes in the restroom sinks.
- 4. Please wear clean gym shoes in the gym when involved in an activity.

- 5. Do not spit on floors, sidewalks, walls, or in the drinking fountains.
- 6. Do not wear steel heel plates on your school shoes.
- 7. Use the sidewalks whenever possible.
- 8. Take PRIDE in our campus!! Keep it picked up.

CANCELLATIONS OF SCHOOL AND EVENTS

In the event of school cancellations due to inclement weather, road conditions, etc., we will be using the SchoolReach information system. The announcements will also be made on several local radio and television stations.

The administration will determine if any co-curricular activities, events, practices, rehearsals, meetings and/or competitions will be held on days that we are experiencing inclement weather. All co-curricular practices will be canceled if school is dismissed early for inclement weather.

SNACK MACHINE

The machines will not be turned on during lunch or breakfast hours. Students are strongly advised to eat a school lunch or their own lunch rather than eat candy or snacks.

CELL PHONES

Cell phones can be used between classes, during lunch, in study halls, and with teacher permission, during class. Inappropriate use of a cell phone will result in the confiscation of the phone for a minimum of two days.

CHEATING AND PLAGIARISM

Students found guilty of cheating on examinations, tests, quizzes, etc., shall receive "no credit" for the assignment involved in the cheating. Plagiarism is stealing and passing off as one's own work the words and/or ideas of others. While the focus will be on "prevention" rather than "punishment," such behavior is discouraged. Students should be prepared to provide evidence, such as notes, rough drafts, or other prewriting to prove that such work is not plagiarized. If plagiarism is suspected, the teacher will notify the student and the principal. Appropriate action will be taken to determine if the student is guilty.

CHILD ABUSE REPORTING

In compliance with state law and to provide for the greatest possible protection to victims of child abuse, the board believes child abuse should be reported to the proper authorities. School district personnel are encouraged and the law requires certified employees to report to the State Department of Human Services within 24 hours when, in the course of their employment, they reasonably believe a child has suffered from abuse.

CHILD ABUSE BY DISTRICT EMPLOYEE

Any person, student or parent/guardian of a student believing that child abuse by a district employee has occurred, shall report such occurrence to our Level One Investigator. The report should be within twenty-four hours of said occurrence. The contact number is (319) 224-3291, option 4.

CHILD ABUSE BY OTHER INDIVIDUALS

Any student or parent/guardian of a student believing that child abuse by another individual has occurred, is encouraged to report such occurrence to the student's building principal or counselor in a timely manner. This usually occurs in the fall and spring when bruises, burns or cuts are more easily seen because less clothing is worn. Please notify a teacher, coach, principal or any school personnel.

CLASS RINGS

Sophomores may purchase class rings during a school arranged showing by a reputable company. The showing usually takes place early in the school year and is scheduled only for the convenience of students/parents. Students are absolutely free of any obligation to buy class rings.

CLOSED CAMPUS

North Linn High School maintains a closed campus. All students are expected to remain at the school during the day. Students must sign out in the high school office prior to leaving with parent/guardian verification as well as that of the principal or Associate principal. Students taking "zero hour" classes or participating in practices, open gym, or weightlifting before school are considered to be on campus and thus may not leave without permission from the office. Any deviation from this procedure, the student will be considered truant.

CODE OF CONDUCT

The Board of Directors of the North Linn Community School District offers a variety of voluntary activities designed to enhance the classroom education of its students. Students who participate in co-curricular activities serve as ambassadors of the school district throughout the calendar year, whether away from school or at school. The participant is a representative of his/her school and his/her community and, as such, is in the "spotlight" a lot of the time. Consequently, he/she may be a good or bad influence on the younger members of the student body and school community. The participant should, by his/her actions, be a credit to himself/herself, his/her parents, team, school, and community. Remember, participation in school activities is a privilege, not a right. School activities provide the benefits of promoting additional interests and abilities in the students during their high school years and for a lifetime. The participant should remember that honor, honesty, integrity, self-denial, and sacrifice are basic requirements for successful co-curricular programs.

Participants should further remember that he/she is only one member of a squad, team, or activity and that the squad or co-curricular program comes first and can get along without them.

It is understood that the participant will abide by all training rules, regulations, and policies that may be issued by the coaching staff, activity sponsors, and administration of this school. The North Linn Community School District may determine that there has been a violation of its Code of Conduct Policy <u>only</u> if the evidence is presented by a licensed school personnel or information provided by law enforcement agencies, the court or legal system.

Poor behavior at events, state conferences, planning sessions, regional meetings, national conferences, and/or any other activities, will not be tolerated. The result will be a telephone call to the parents/guardians and administration, with the probability that parents/guardians will be asked to come and take their child home with them regardless of time or distance. Also, this will warrant investigation by the Activity Council.

Students who attend these above listed events are expected to attend the various contests or sessions, and not be off campus or designated areas without permission from the sponsor(s).

If a participant is placed on a probation period, he/she is required to attend all practices, meetings, and participate in all events or projects during the designated time periods. Failure to do so will result in forfeiture of awards and a possible extension of the probation period. Evaluation of the probation period and requirements for awards is left to the discretion of the coach or activity sponsor.

If a participant is suspended from an activity, he/she must follow all directions of the Associate principal or principal, coach, and/or activity sponsor. Participants allowed to work off periods of ineligibility by means of community service should arrange with the principal or designee to complete the community service as soon as reasonably possible.

The following co-curricular activities are covered by this policy and rules: athletics, instrumental and vocal music performances, drama productions, speech contests, FFA, FBLA, FCCLA, National Honor Society, all co-curricular clubs, all honorary and elected offices (e.g., Homecoming King/Queen, candidates, class officers, student council officer or representative), state contests and performances for cheerleading and pom pons, or any other activity where the student represents the school district outside of the classroom.

ELIGIBILITY

Special education students or students covered by a Section 504 plan shall not be denied eligibility on the basis of scholarship if the student is making adequate progress, as determined by the AEA Child Study Team towards the goals and objectives on the student's IEP or accommodation plan.

PROCEDURE FOR HANDLING ALLEGED VIOLATIONS OF CODES OF CONDUCT

- 1. Upon receiving the report of an alleged violation of any of the North Linn Community School District's Codes of Conduct, the principal or designee will seek information concerning the alleged violation.
- 2. The principal will convene a meeting of a council consisting of the principal and the sponsors and/or coaches of the activities in which the student is involved. The council's findings shall be based upon evidence presented by school personnel or information provided by the court or legal system.
- 3. A student found guilty may appeal the decision to the North Linn Board of Directors by petitioning the superintendent within 5 school days after the decision.
- 4. In case of appeal, the penalty imposed shall be in force until such time that the Board either affirms or overrules the decision.

RULES

Because it would be extremely difficult to list all possible rule infractions, a sample of possible infractions is listed below.

- Possession, use, or purchase of tobacco products; alcohol beverages, including beer and wine ("use" includes having odor of alcohol on one's breath), and/or controlled substances regardless of the student's age.
- Misconduct in school: repeated infractions of school rules, disrespect to staff members, insubordination, hazing or harassment of others, and fighting.
- Misconduct at school sponsored events, either as participants or spectators. This includes home and away activities as well as infractions of transportation rules.
- Criminal offenses, not including minor traffic citations.

If a student transfers in from another school district and the student had not yet completed a period of ineligibility for a violation of a Good Conduct Rule in the previous school district, the student shall be ineligible if the administration determines that there is knowledge in our school district of the fact of the student's violation in the previous district.

REDUCTION IN PENALTY

- 1. Evaluation and Treatment: A student who has a third violation of the good conduct code as it pertains to alcohol/tobacco may elect to seek an evaluation and treatment from a North Linn CSD approved substance abuse facility at the student's or parent/guardian's expense. If the student seeks the evaluation and treatment and agrees to waive confidentiality to allow the facility to report back to the school, the student MAY be eligible to receive a penalty reduction. Any reduction will be at the administrator's discretion and will be dealt with on a case by case basis. Evaluation and treatment does not in any way guarantee a reduction in penalty.
- 2. Admission of guilt on the part of the student to the Principal before the commencement of an investigation of the charges may result in a reduction in penalty at the discretion of the Principal.

SEPARABILITY OF RULE INFRACTIONS AND PUNISHMENT

Degree of punishment shall be determined, as far as first, second, or third, offenses are concerned by the number of infractions.

Coaches and Sponsors may implement consequences above and beyond those required by the Code of Conduct. Admission of guilt or proof of guilt may result in immediate suspension from all activities.

ELECTION OF CLASS OFFICERS

Officers are elected by their classes during May of each school year. Officers serve for one year and shall consist of a President, Vice-president, Secretary and Treasurer. All officers must have attained a "C" average or above during the semester preceding election to the office. This rule applies to the election of officers for all school organizations.

Electronic devices (IPods, MP3 players, and other electronic devices of that nature, excluding cell phones) may be used by students at the discretion of the teacher/supervisor in the particular class/study hall.

Students who are members of fire or other emergency departments may carry pagers after completing a contract signed by the department chief, parent or guardian, student, and principal. As part of the contract, student emergency personnel may respond on the second page. They will observe strict confidentiality guidelines by not sharing information from the pages with non-emergency and non-administrative personnel in the school.

ELIGIBILITY FOR PARTICIPATION IN CO-CURRICULAR ACTIVITIES

At North Linn we encourage students to be involved in multiple activities. With that being stated, we realize that being involved in multiple activities may cause unavoidable conflicts. When these situations arise, the student should make every effort to meet their commitments. If all commitments are unable to be fulfilled it is recommended that the coach or sponsor be notified immediately to resolve the issue. In an effort to maintain consistency, the issue should be resolved at that level and if not, a meeting with the coaches/sponsors, Activities Director/Principal, parents and student(s) will be convened to resolve the issue. The resolution shall not have any bearing on the status of the student in the activity, i.e. starter, non-starter, 1st chair band, etc.

In order to participate in co-curricular games, meets, or events, students must, on the day of the event, be in school the entire school day unless excused by the principal. Principal's excuses shall be the result of parental contact with the principal as to the reason for the absence. Generally, excuses for medical, dental and legal appointments, funerals and family emergencies shall be honored.

Students wishing to attend or take part in co-curricular practices, or attend open gym or use the weight room must be at school the entire school day unless excused by the principal. Principal's excuses shall be the result of parent/principal communication. Students not in school the entire day must leave the building at the end of the day unless excused by the principal.

Band and choir are full credit classes, and what is taught in these classes extends into activities that the students are graded on outside of the regular classroom days. Ensembles taught in the band class are marching band, concert band and pep band. Ensembles taught in the choir class are concert choir. Because not all pep band performances are required, ineligible students are not allowed to participate in the extra pep band performances. Because the music that is performed at state sanctioned events is also performed at concerts and marching band performances, ineligible students will not perform at state sanctioned events, but must attend the events. Ineligible students will not be allowed to participate in any honor bands or honor choirs during their period of ineligibility.

EMERGENCY FORMS

At the beginning of each school year, parents/guardians must file an emergency form with the office providing the emergency telephone numbers of the parents as well as alternate persons to contact in the event the school is unable to locate the parents/guardians. The emergency form also includes a statement that gives the school district permission to release the student to the alternate person in the event the parents/guardians cannot be reached.

Parents/guardians must notify the office if the information on this form changes during the school year.

EXPULSION

The Board of Directors may, by a majority vote, expel any student(s) from school for a violation of rules and regulations approved by the Board or when the presence of the student(s) is considered to be a detrimental to other students or to the purposes for which school is conducted. Refer to Board Policy No. #502.3.

FEE SCHEDULE

FEE PAYMENTS ARE DUE AT REGISTRATION OR THE FIRST DAY OF CLASS. If arrangements for payment are not made prior to the end of the first three weeks of the semester (15 school days), the student may be dropped from the class.

Fees are assessed on a semester basis. The Board of Directors may add or change fees at their discretion. Low-income families may apply for a waiver of fees from the business manager.

For a listing of the current fee structure please contact the North Linn Business Office.

FORGERY

Students found guilty of forging the signature/initials of a staff member on passes or other school-related documents shall be subject to detention, suspension or expulsion.

FUND RAISING CAMPAIGNS

Any fund raising programs shall have written administrative approval prior to its inception. Approved forms must be turned in to the Business Office.

GRADING SYSTEM

Letter grades are given in all subjects other than those based on the Pass/Fail system. Mid-term reports shall be sent to parents/guardians of students in academic difficulty (unsatisfactory performance) but may also be sent prior to or after the halfway point in a grading period. Parents/guardians are asked to discuss mid-term reports with their sons/daughters and request a conference with the appropriate staff members/counselor if they deem it necessary. Students should check with each of their instructors to determine grading methods. Students receiving an "Incomplete" grade on their report card for a course at the end of a marking period must make up the work in ONE WEEK following the end of a quarter or semester. Arrangements in writing can be made to extend this period with the instructor and office approval, if necessary.

Failure to make up the "Incomplete" grade will result in the student receiving an "F" for the grading period.

GRADUATION EXPENSES

Seniors may purchase graduation announcements, cards, jewelry, etc., during a school arranged showing by a reputable company. The showing of these items (styles chosen by senior class officers) usually takes place in October.

Students are absolutely free of any obligation to purchase graduation items.

Seniors are required to have their pictures taken (for the yearbook and class composite) by a photographer and 2 pictures given to the office (1 for yearbook and 1 for composite). This requirement ensures quality and standardization of photographs and, thus, a more attractive product as far as the yearbook and class composite are concerned. Students are absolutely free of any obligation to purchase photographs from the annual/class composite photographer.

School related commencement expenses are usually slight or non-existent, depending on the amount of money the senior class has to spend and the type of commencement desired by the graduates.

HONOR ROLL

Marks in full time academic classes will be used in computing averages. Marks earned in administratively approved full time college credit courses will also be included in computing averages. Marks in less than full time subjects will not be used. The honor roll is determined on the average of the following values assigned to your letter marks: A = 4.00 B = 3.00 C = 2.00 D = 1.00 A = 3.667 B = 2.667 C = 1.667 D = 0.667 B = 3.33 C + 2.33 D + 1.33 F = 0.00

The "A" honor roll will include semester averages exceeding 3.667. The "B" honor roll will include semester averages exceeding 2.667.

HOT LUNCH/BREAKFAST

The following information is provided to students in order to inform them of hot lunch/breakfast procedures. It should be especially helpful to freshmen and new students and serve as a reminder for sophomores, juniors and seniors

Students will be using the Student Dining computerized lunch system. Students will have a family account that will operate on a declining balance basis. You may deposit as much money in your account as you would like. Each student will have their own unique lunch number that will be used for dining purchases.

You will be notified via email when you need to add to your account. Parents can access their family accounts via the internet to monitor and set up guidelines for their students' dining habits.

- 1. Lunch/breakfast money should be turned in to the high school office before 10:00 a.m.
- 2. Students shall eat only during their normally assigned lunch period. Exceptions must be preceded by the teacher/administration and hot lunch personnel.
- 3. Students may eat twice during their assigned lunch period. However, eating twice <u>will not</u> be accepted as an excuse for being tardy to their after-lunch class.
- 4. When a student reaches \$10.00 negative balance, he/she will not be allowed to purchase a meal and/or breakfast. An alternate meal of milk and a butter sandwich will be served.
- 5. Ala carte items may not be purchased once the family account has reached a negative balance.

IN-SCHOOL TRUANT

In-school truancy is defined to be the act of a pupil who willfully is absent from a class, with no valid or excusable reason, as determined by the school principal or individual instructor.

Students shall be found to be in-school truant when they are not in attendance at their assigned area. Students who take advantage of or abuse the privilege of the pass will be considered in-school truant. Students found to be in-school truant shall be subject to disciplinary action.

INTERNET - APPROPRIATE USE

See page 52 for complete use policy. Because technology is a vital part of the school district curriculum, the Internet will be made available to employees and students. Appropriate and equitable use of the Internet will allow employees and students to access resources unavailable through traditional means.

Students will be able to access the Internet with their teacher's supervision. Individual student accounts and electronic mail addresses will not be issued to students. If a student already has an electronic mail address, the student will not be permitted to use the address to send and receive mail at school.

The Internet can provide a vast collection of educational resources for students and employees. It is a global network, which makes it impossible to control all available information. Because information appears, disappears and changes constantly, it is not possible to predict or control what students may locate. The North Linn School District makes no guarantees as to the accuracy of information received on the Internet. Although students will be under teacher supervision while on the network, it is not possible to constantly monitor individual students and what they are accessing on the network. Some students might encounter information that may not be of educational value.

Student Internet records and access records are confidential records treated like other student records.

Employees and students will be instructed on the appropriate use of the Internet. Parents/guardians will be required to sign a permission form to allow their students to access the Internet. Students will sign a form before use of the Internet acknowledging they have read and understand the Internet Acceptable Use Policy which states that they will comply with the policy and its regulations, and understand the consequences for violation of the policy or regulations.

INTERROGATION BY OUTSIDE AGENCIES

Please refer to Board Policy #502.9.

LATE ARRIVAL AT SCHOOL

Students arriving at school after the 8:05 bell <u>must acquire a pass</u> from the office secretary prior to going to their scheduled assignment. Please refer to the Attendance Section dealing with tardiness.

LEAVING SCHOOL EARLY

- 1. The student must bring a note from home, signed by a parent or guardian, asking that the student be excused at a specific time. This note must be given to the secretary before attending the first class of the day. In cases where a student has an excused late arrival and a note asking for early dismissal, the student must take the note to the secretary and pick up a "Make Up Report and Admit to Class" form. The secretary will list all necessary information for release on this form.
- 2. A student who becomes ill in school and wishes to go home before regular dismissal must call a parent or guardian and obtain permission from them in order to be allowed to go home. The parent or guardian must assure the school personnel, by telephone, that the student has permission to leave. A written note will not be necessary upon return of the student.
- 3. Students may leave before regular dismissal without prior notification, if a parent or guardian comes to the school and takes them out. Parents need to stop by the office. Office personnel will call the student from the classroom.
- 4. A parent or guardian may telephone the school and ask that the student be dismissed at a specific time. A written note will not be necessary upon return of the student.

STUDENTS MAY NOT USE "ADVANCED MAKE-UP" FOR THE ABOVE LISTED PROCEDURES.

LIBRARY PROCEDURES

The library contains materials for student and faculty use. The library staff is ready to assist you with locating information, finding recreational reading, and locating topics of current interest.

We must ask your cooperation in the following areas so the library can operate at its best.

- 1. Books may be checked out for 2 weeks. Books are renewable for 2 weeks when presented to the circulation desk if no one else has reserved them.
- 2. Magazines may be checked out for two weeks. Magazines are renewable for 2 weeks when presented to the circulation desk if no one else has reserved them.
- 3. Reference materials (in the center isle) and reserve materials (behind the circulation desk) are for short-term use only. Certain items can be checked out overnight and are to be returned by the beginning of the first period the next school day.

- 4. All materials are to be checked out before being taken from the library.
- 5. Materials are to be returned in the drop slot in the circulation desk. If the materials will not fit in the drop slot, hand it personally to a staff person. (Do not return materials by placing them on the counter). Remember -you are responsible for all materials until they are in the hands of the library staff.
- 6. The library staff will request that overdue materials be returned to the library before additional materials may be checked out from the library.
- 7. Students may come to the library from study hall at the beginning of the period to use library resources and must stay for the remainder of the period. Students will sign out from study hall to the library by writing their own name on the study hall sign-out sheet. The original sign-out sheet will accompany students to the library. The carbon copy will remain in the study hall. All students from the study hall will remain in the library until the bell sounds for the end of the period.
- 8. Students may come to the library from classrooms with passes from the classroom teacher.
- 9. Students will bring to the library any study materials needed for the period. The library pass is to be used only for the restroom. Students are not to go to their lockers with the library pass.
- 10. The library is not a place to socialize with your friends. The librarians will insist that you study or read quietly. Following two warnings, students will be asked to leave the library and return to the study hall or classroom. A hall pass will be given to the student if they are asked to return to the study hall or classroom. If a student is removed from the library, the student will begin the first step in the Library Discipline procedure. Additional failure to comply with library procedures will eventually lead to a student being restricted from library use.
- 11. Any student restricted from the library may use the library to prepare for assignments if he/she has a pass from a classroom teacher giving the assignment. Prior arrangement will be made with the library staff before the student may return to the library for work on assignments.
- 12. There will be charges for lost and damaged materials. These charges will be refunded if the material is found and returned directly to the librarians.
- 13. No food or drink is allowed in the library.

LOCKERS

Students shall be assigned lockers by the principal's secretary, usually two students to a locker. <u>Students are NOT to change lockers without permission of the principal.</u> Student lockers are the property of the school district and are merely "on loan" to students. As such, they may be inspected, at any time, by the administration or designated staff members following a 24 hour "inspection notice" to the student body. Such inspections shall be made in the interest of sanitation and maintenance.

LOCKERS CAN BE SEARCHED. The North Linn Board of Directors reserves the right to have student lockers searched by school personnel at any time, without the student's knowledge and/or presence. School personnel are required to have reasonable cause to conduct such a search.

Student lockers are to be kept clean. Lockers should be closed when not in use. Lockers and locks should not be altered in any fashion in order to eliminate the need for using the locker combination. Failure to meet these stipulations may result in detention or suspension.

LUNCH HOUR PROCEDURES

The following regulations shall apply to students during the lunch (5th) period:

- 1. Students are restricted to the cafeteria.
- 2. Students are not to take food out of the cafeteria. If you bring your lunch please eat your lunch in the cafeteria.
- 3. Students are responsible for returning their plate and utensils to the kitchen window as well as disposing of their garbage in appropriate containers.
- 4. Students shall not be permitted in the library or anywhere else in the building during their lunch period without permission of a staff member or principal.

MEDICATION AT SCHOOL

Students in need of physician prescribed medication while at school are required to follow regulations outlined in the district's medication policy. Said policy is contained in the superintendent's letter to parents prior to the start of each school year. Students may also contact the principal's secretary for information concerning medication policy regulations.

NATIONAL HONOR SOCIETY

The National Honor Society (NHS) was established in 1922 by the National Association of Secondary School Principals. Currently, there are over 3,100 chapters throughout the United States.

I. Eligibility:

A) All Junior and Senior students.

II. Requirements:

- A. A cumulative grade point average of 3.5, <u>minimum</u>, through and beyond the first semester of the junior year in school. Course selection shall be reviewed by the selection committee. Courses taken in high school should, at a minimum, meet Proposition 48 requirements as set forth by the NCAA. (Proposition 48 requirements refer to the Course Description Handbook.)
- B. Participation/Leadership position in a minimum of three co-curricular/community activities, two of which must be school activities. Simple membership in a club, organization, group, team, or activity will not meet the above requirement. Positions of leadership in at least one of the activities (e.g. Officer, Chairperson, Captaincy/Co-Captaincy, committee membership, etc.) is required of NHS candidates. Demonstration of leadership ability must be required of future members.
- C. Completion of evaluation by faculty.

III. Procedures:

- A. Junior and senior students meeting the grade point (<u>notification by the NHS Adviser</u>) and activities requirements and wishing to be considered for NHS membership shall obtain the questionnaire from the NHS Adviser. This questionnaire does not guarantee selection to NHS but does guarantee non-consideration if the questionnaire is not returned. At this point copies of the returned questionnaires are made available for the faculty toward consideration of these students.
- B. After evaluating students, teachers/sponsors shall return the forms to the NHS Adviser. A 4 point scale is used (4 being the highest) toward scoring the candidates in the following four areas: Scholarship, Service, Leadership, and Character. After the faculty rating forms are in,

the ratings for each candidate in each of the areas of Scholarship, Service, Leadership, and Character are added, then divided by the total number of evaluations received to determine the average for each area. These scores from the four areas are then averaged together to determine a total point rating.

- C. The NHS Adviser shall then make a final selection of all candidates whose total point rating is 3.00 or above.
- D. A formal ceremony takes place to induct the new candidates. * The selection process is a confidential procedure. IV. Non-selection:
- A. Because selection to the NHS is not a legal right, constitutional due process does not apply in cases of non-selection.
- B. Questions by students and/or parents concerning non-selection shall be directed to the principal, not the selection committee. The principal may reconvene the committee only if a procedural mistake has been made.

The National Council requires that each member maintain the standards of scholarship, service, leadership, and character that were used as a basis for his/her membership. The faculty committee has the responsibility for issuing probation or dismissal for failing to maintain standards. Once a member has been dismissed, s/he is never again eligible for membership.

The guidelines and requirements are reviewed yearly in accordance with the National Honor Society Handbook by the National Association of Secondary School Principals. (Reviewed & Revised 6/10)

OFFICE/SCHOOL HOURS

The office will be open from 7:30 a.m. to 4:00 p.m. School hours are 8:05 a.m. to 3:15 p.m.

PARENTAL PERMISSION

If a student is in the care or custody of a parent or legal guardian he/she must have excuses for absences and all other communication with the office signed by the parent or legal guardian. This includes all students even if they are 18 years of age or older.

PASSES

A student must have a hall pass to leave a classroom during class time for any reason. When an instructor detains a student after class, that teacher may send a pass with the student to the teacher of the next class indicating that the student's tardiness was excused. If the instructor does not feel that a pass is warranted, the student will be considered tardy.

PARKING LOT

Students are not to be loitering in the parking lot or going to their vehicles for any reason during school hours. Those students needing to go to their vehicles may be allowed only at the discretion of the principal or secretary.

PEP BUSES

Students are reminded that pep buses are offered to some off campus athletic events. The charge for the bus ride must help to defray the cost of the bus and driver. The charge will vary according to the distance traveled by the pep bus. We must have 30 riders paid by the end of the lunch period on the day prior to the scheduled events. Any and all pep buses will be arranged through the office using student interest for setting up the buses.

PHYSICAL CONTACT BETWEEN STUDENTS

Physical contact between students, beyond holding hands, shall be considered inappropriate conduct. (Public display of affection)

Staff members shall report occurrences of physical contact between students, other than the holding of hands, to the principal. Action will be taken as warranted.

POST-SECONDARY ENROLLMENT OPTION

Please refer to the Course Description Book and Board Policy #602.23 for more information.

PHYSICAL EDUCATION POLICIES/REGULATIONS

Doctor's notes, which excuse a student from participating in a class or classes, will be honored at all times. If a doctor's excuse extends past one week, the student will be given an alternative or modified activity in order to earn his/her physical education credit. Modified activities may include, but are not limited to officiating, weight training, walking, or rehabilitation exercises. A written paper may be assigned if other options are not feasible.

Doctor's excuses, which extend for the entire year for an unusual or major health problem, will be reviewed by the instructor and administration for a possible waiver of physical education credit for that year.

Physician *modified/prescribed physical programs are allowable and students will receive physical education credit counting toward graduation.

*Iowa Code (Section 257.25) "Modified physical activities for credit shall be provided as an alternative for those pupils who for health reasons are certified by a physician as unable to take the courses set forth in 257.25."

Non-Participation Days

Students, when in physical education class, will be allowed two non-participation days <u>per semester</u>. Any reason is valid. An excess of the allowable number on non-participation days will result in the failure of the physical education course. Students may not make up physical education classes for non-participation days. If students go beyond the allotted number of days they will fail physical education for that semester and the entire semester will need to be retaken to gain this credit.

Excused Absences From Class

Students will be allowed two excused absences from class <u>per quarter</u>. Excused absences beyond the two allowable will need to be made up. If classes are not made up by the end of the quarter the final outcome could be a lowering of the student's grade and possibly even failure of the course.

<u>Make up of Classes</u> Students required to make up physical education classes will do so at the discretion of the instructors. Failure to make up classes will result in the failure of physical education and the resulting loss of credit for either the quarter or semester.

<u>Graduation Requirement</u>

It is hereby reaffirmed that the successful completion of physical education (a state requirement) shall be necessary for graduation.

PRACTICES FOR CO-CURRICULAR ACTIVITIES

Practices shall not be scheduled in the school buildings or at other sites on Sundays without prior administrative approval. Non-required or voluntary practices on Sunday or holidays are not allowed without prior administrative approval. Practices during the winter season are to end by 5:30 p.m. if there is another event scheduled for the gym.

Wednesday evenings are reserved for "Family Activities." Practices on Wednesday night are to end by 6:00 p.m. No activities of any type are to be scheduled on Wednesday evenings except for State sponsored events.

PROM

Only juniors, seniors and their dates (grades 9-12 or older) are allowed to attend. No one 21 years of age or over will be allowed unless prior approval by administration. Prom is a formal dance, which means formal dress is required. If there are any questions contact high school principal.

RESPECT FOR SCHOOL AUTHORITY/OUT-OF-SCHOOL CONDUCT

Respect of authority is a cornerstone to an effective school. This respect applies out-of-school as well as in school as disrespectful treatment of a school authority off school grounds and after school hours may result in disciplinary action. Disrespect off school grounds will not be tolerated as it will foster inappropriate school governance and hinder the effective functioning of the school.

SEARCH AND SEIZURE

The United States Supreme Court (T.L.O.) and the Iowa Legislature (S.F. 477) agree that school officials may conduct searches in school settings so long as they have a reasonable suspicion that a criminal offense or school rule or regulation bearing on school order has been violated. Such searches apply to students, student lockers, desks, work areas and automobiles. School authorities may seize any illegal, unauthorized or contraband materials discovered in the search.

SEASON TICKETS

Student and adult season tickets may be purchased in the high school office for the football, volleyball, basketball and wrestling seasons. Savings of \$1.00 per event may be realized by the purchase of such tickets. Season tickets are not valid for tournaments or fine arts presentations.

SEMESTER ASSESSMENTS

Semester exams will occur at the end of the first and second semesters. These exams will represent a student assessment of the information that was covered during that period of time. These assessments may include a written and/or oral presentation (individual or small group), a research topic presentation by video, or the standard written format.

SIGNS - POSTERS -BANNERS

Students are not to exhibit any type of sign, poster, banner, picture, etc. on any part of the building proper or its contents without permission of a class/activity sponsor and the administration. Such illicit signs, posters, banners, pictures, etc. shall be removed immediately and those who post them may be subject to detention, suspension or expulsion.

SOCIAL ACTIVITIES

The following suggestions shall govern both faculty and students as they plan social endeavors under school sponsorship:

- 1. Each class and club shall be entitled to not more than one social function each semester, providing there is sufficient interest to make the function worthwhile and the sponsor has given prior approval.
- 2. Any group wishing to have a social activity should start plans well in advance to the date on which they wish to hold the event. All dates must be cleared at the principal's office early in the school year and in any event at least two weeks before said event.

- 5. The principal shall appoint faculty advisors for all organizations in high school. No meeting shall be held without the presence of the advisor or an approved substitute. The faculty representatives of each group are responsible for the conduct of that group at meetings, practices, parties, etc., and are responsible for approving bills to be paid from group funds
- 6. Students should remember that social functions are educational as well as recreational. Good social etiquette should be the rule at every social event.
- 7. The principal shall determine parent chaperone requirements.

SOCIAL REGULATIONS

- 1. The dress code is applicable to social functions unless special permission is given for other apparel due to the nature of the function.
- 2. Students must show good taste in dancing.
- 3. Once you are in, you are in; and when you are out, you stay out! This rule applies to ALL school functions. Exceptions must be cleared through the principal or sponsor.
- 4. When it is permissible to bring guests to school parties and dances, they must be registered in the principal's office prior to said event. This is on a date basis only. No student below the 9th grade is permitted to attend high school social activities.
- 5. Students are expected to be hospitable to their guests and obedient to those supervising the activity.
- 6. The only beverages allowed at school functions are those served by the sponsoring organization.

Teachers and families may use input on an informal basis or request formal assistance in identifying strategies to address a concern, in carrying out these strategies, or in monitoring individual student progress. These services are available for all students by teacher or parent request through the counselor at the student's school.

Grant Wood personnel will not work with a student until a written parental consent has been obtained. Special referral forms will be sent to the parents for this purpose.

Administrators shall review student publications and enforce the standards outlined above; however, it is not the duty of administrators to "censor" materials in any way except on the basis of those standards only. In order to protect students' rights, administrative review of materials must be done quickly within a specific length of time, and students must be informed of the appeal procedure in case they disagree with an administrative judgment.

Non-school-sponsored publications are subject to the same standards listed. The administration may prohibit the distribution of such publications, unless the students submit a copy for administrative review.

ANTI-BULLYING/HARASSMENT POLICY

Harassment and bullying of students and employees are against federal, state and local policy, and are not tolerated by the board. The board is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. To that end, the board has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to deal with incidents of bullying and harassment. Bullying and harassment of students by other students, by school employees, and by volunteers who have direct contact with students will not be tolerated in the school or school district.

The board prohibits harassment, bullying, hazing, or any other victimization, of students, based on any of the following actual or perceived traits or characteristics, including but not limited to, age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status. Harassment against employees based upon the employee's race, color, creed, sex, sexual orientation, gender identity, national origin, religion, age or disability is also prohibited.

This policy is in effect while students or employees are on property within the jurisdiction of the board; while on school-owned or school-operated vehicles; while attending or engaged in school-sponsored activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school or school district.

If, after an investigation, a student is found to be in violation of this policy, the student shall be disciplined by appropriate measures which may include suspension or expulsion. If after an investigation a school employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures which may include termination. If after an investigation a school volunteer is found to be in violation of this policy, the volunteer shall be subject to appropriate measures which may include exclusion from school grounds. "Volunteer" means an individual who has regular, significant contact with students.

When looking at the totality of the circumstances, harassment and bullying mean any electronic, written, verbal, or physical act or conduct toward a student which is based on any actual or perceived trait or characteristic of the student and which creates an objectively hostile school environment that meets one or more of the following conditions:

- · Has a substantially detrimental effect on the student's physical or mental health;
- · Has the effect of substantially interfering with the student's academic performance; or
- · Has the effect of substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

"Electronic" means any communication involving the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means. "Electronic" includes but is not limited to communication via electronic mail, internet-based communications, pager service, cell phones, electronic text messaging or similar technologies.

Harassment and bullying may include, but are not limited to, the following behaviors and circumstances:

- Repeated remarks of a demeaning nature
- Implied or explicit threats concerning one's grades, achievements, property, etc
- Demeaning jokes, stories, or activities directed at the student and/or
- Unreasonable interference with a student's performance

Sexual harassment of a student by an employee means unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

- Submission to the conduct is made either implicitly or explicitly a term or condition of the student's education or benefits:
- Submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or
- The conduct has the purpose or effect of substantially interfering with the student's academic performance by creating an intimidating, hostile, or offensive education environment.

In situations between students and school officials, faculty, staff, or volunteers who have direct contact with students, bullying and harassment may also include the following behaviors:

- Requiring that a student submit to bullying or harassment by another student, either explicitly or implicitly, as a term or condition of the targeted student's education or participation in school programs or activities; and/or
- · Requiring submission to or rejection of such conduct as a basis for decisions affecting the student.

Any person who promptly, reasonably, and in good faith reports an incident of bullying or harassment under this policy to a school official, shall be immune from civil or criminal liability relating to such report and to the person's participation in any administrative, judicial, or other proceeding relating to the report. Individuals who knowingly file a false complaint may be subject to appropriate disciplinary action.

Retaliation against any person, because the person has filed a bullying or harassment complaint or assisted or participated in a harassment investigation or proceeding, is also prohibited. Individuals who knowingly file false harassment complaints and any person who gives false statements in an investigation shall be subject to discipline by appropriate measures, as shall any person who is found to have retaliated against another in violation of this policy. Any student found to have retaliated in violation of this policy shall be subject to measures up to, and including, suspension and expulsion. SUSPENSION

Suspensions shall be of the in-school variety unless circumstances dictate other arrangements. Students shall be eligible for co-curricular activities after serving their suspensions. If a student is assigned more than one day of in-school suspension, in a row, he/she will be ineligible for co-curricular activities that are scheduled during the suspension period. Students serving multiple days of in-school suspension will be expected to participate in co-curricular practices. Students placed on out-of school suspension will be ineligible for all co-curricular activities during their suspension periods. Students placed on out of school suspension will not be allowed to attend co-curricular events at North Linn as a spectator or as a participant. During the suspension period, suspended students are forbidden to be on any property owned by North Linn Community School district. Should a suspended student be on district property, we will consider him or her to be trespassing and

alert the proper authorities.

Once a student reaches a combined total of five days of in school detention, in school suspension, or out of school suspension per semester, that student will be suspended home pending a meeting between the parent / guardian and school officials. The school officials may include associate principal, principal, and/or superintendent.

The student, while serving in or out-of-school suspension can make up homework.

Student use of the office telephones shall be strictly limited to calls to parents/relatives concerning family/school situations. Students must obtain permission from the principal or secretary before using the office telephones.

Messages which are not of an emergency nature are discouraged. Messages will be delivered between classes, as to not disrupt a class or activity.

Students will not use telephones in teachers' classrooms or in the faculty lounge.

THEFT PREVENTION

With hundreds of people making use of the building at one time or another, at least a small percentage will be dishonest and take advantage of any opportunity presented them by individuals careless with their valuables.

The following procedures are <u>strongly recommended</u> as ways of reducing the loss of valuables due to theft:

- 1. <u>Do not</u> bring large sums of money to school unless absolutely necessary. (This applies to any type of valuable.)
- 2. Valuables that must be brought to school should be left in the office for safekeeping until needed.
- 3. Be especially careful of your valuables during physical education classes and extra-curricular activities. Give your valuables to your instructor or coach.

TIMES FOR ENTERING AND LEAVING SCHOOL

Students are not to be in the building prior to 7:45 A.M. or after 3:30 P.M. without permission. Upon arrival at school, students shall immediately enter the building and not leave the building (other than for class purposes) without permission.

All students are to leave the building no later than 10 minutes after dismissal unless they are supervised for a co-curricular activity.

TRANSFERRING AND LEAVING SCHOOL

A student either transferring or leaving school shall notify the principal of such action in advance. All books and other materials belonging to the school must be returned to the principal's office. No refund due may be paid until a student has checked out properly.

TRANSPORTATION FOR STUDENTS

All students participating in school sponsored events, for which school transportation is provided, shall ride school transportation to said events and shall return to the district on school transportation at the conclusion of said events.

The only exception to the above statement shall involve:

- 1. A request by a parent asking that their son or daughter be allowed to ride to or leave an event with the parent. This type of request must involve parent/administration contact prior to the event or direct supervisor/parent contact at the conclusion of an event.
- 2. A request by a parent, either orally to the administration prior to an event or in the form of a note bearing the parent's signature, that son or daughter be allowed to leave an event with a member of the <u>immediate</u> family. The note must be presented to the supervisor prior to leaving for the event.
- 3. A request by a parent asking that their son or daughter be allowed to leave an event with the <u>parent</u> of a fellow participant/student. This type of request must involve parent/administration contact prior to the event. The note must be presented to the supervisor prior to leaving for the event. The above exceptions also apply to pep buses.

TRANSPORTATION GUIDELINES

Transportation to practice sites at Coggon, Troy Mills, Walker or any other site in the North Linn District should follow the prescribed guidelines.

Students are highly encouraged to ride shuttle bus transportation provided for events by the District, when such service is provided.

Students with driver's licenses will be able to drive to practices at Coggon, Troy Mills, Walker or any other site in the North Linn District. Students who do drive to practice must be at the practice site on time.

Students with a School License:

- 1. As per Iowa Department of transportation regulations, students must not be driving prior to 6:00 a.m. and cannot legally drive past 10:00 p.m. There are no exceptions to this rule. Please remember that some games can last past 10:00 p.m. and your child could receive a ticket from the law enforcement authorities.
- 2. Students with school licenses must take the most direct route to school within the school district.

 Technically they are not even allowed to stop for gas. Leaving the most direct route may result in a fine and revocation of the school license.
- 3. Students with school permits are not allowed to drive to practice sites if school transportation is available.
- 4. Students will not be allowed to transport other athletes to practice.
- 5. As per Iowa Department of Transportation regulations, a school license may be suspended for conviction of one violation and shall be revoked for conviction of two or more violations of traffic laws other than parking violations. If revocation occurs, the Department of Transportation shall not issue a motor vehicle license or permit for one year or until the licensee's 16th birthday, whichever period is longer. A revocation requires proof of financial responsibility (SR22) for two years. The parent or guardian is subject to prosecution for permitting the child or ward to drive when not authorized or in violation of a state traffic law.

Those students who do not take advantage of the shuttle bus transportation must adhere to the following quidelines.

Participants may share rides with each other to practices and/or games. Please be aware that if a parent allows their student/athlete to ride with another student/athlete there should be a concern that accidents could happen. Liability factors should be considered before rides are shared.

Students who use an alternative form of transportation to practice other than the shuttle and are late for practice may be considered as unexcused for that practice. The coaching staff will have the right to assign discipline during practice on the first offense. Penalties for second violations could include further discipline in practice and/or game/partial game suspensions. The third offense will be a meeting with student athlete, parents, and coaches to determine if the student will be able to continue driving to practice

Once a bus enters back into the District from a game or meet players and other students associated with the team may be let off at the following points: Coggon, Middle/High School, and Walker. We hope that parents are waiting for their son or daughter. If in the coaches' and/or bus driver's opinion the weather is too severe they may take the child to a phone and attempt to have the child call home. Activity buses are not allowed to stop at individual residences even if they are on the road that is being traveled.

The school and coaching staff will honor different requests brought up by parents/guardians concerning these guidelines. These requests, in writing, must be made by the morning of the day they are going to occur.

NORTH LINN TECHNOLOGY CODE OF ETHICS FOR STUDENTS

**

APPROPRIATE USE OF COMPUTERS, COMPUTER NETWORK SYSTEMS, AND THE INTERNET

The Board of Directors of the North Linn Community School District is committed to making available to students access to a wide range of electronic learning facilities, equipment, and software, including computers, computer network systems, and the Internet. The goal in providing this technology and access is to support the educational objectives and mission of the North Linn District and to promote resource sharing, innovation, problem solving, and communication.

Access to the District's computers, computer network systems, and the Internet shall be available to all students within the District. However, access is a privilege, not a right. Each student must have a signed acceptable use agreement on file prior to having access to and using the District's computers, computer network systems, and the Internet. The amount of time and type of access available for each student may be limited by the District's technology and the demands for the use of the District's technology. Even if students have not been given access to and/or use of the District's computers, computer network systems, and the Internet they may still be exposed to information from the District's computers, computer network systems, and/or the Internet in guided curricular activities at the discretion of their teachers.

Every computer in the District having Internet access shall not be operated unless Internet access from the computer is subject to a technology protection measure (i.e. filtering software). The technology protection measure employed by the District shall be designed and operated with the intent to ensure that students are not accessing inappropriate sites that have visual depictions that include obscenity, child pornography or are otherwise harmful to minors. The technology protection measure may only be disabled for an adult's use if such use is for bona fide research or other lawful purposes.

The use of the District's computers, computer network systems, and Internet access shall be for educational purposes only. Students shall only engage in appropriate, ethical, and legal utilization of the District's computers, computer network systems, and Internet access. Students' use of the District's computers, computer network systems, and Internet access shall also comply with all District policies and regulations. Inappropriate use and/or access will result in the restriction and/or termination of this privilege and may result in further discipline for students up to and including expulsion and/or other legal action. The District's administration will determine what constitutes inappropriate use and their decision will be final. The technology coordinator may close a user account at any time as required and administrators, faculty, and staff may request the technology coordinator to deny, revoke or suspend user accounts. Any user identified as a security risk or having a history of problems with computer systems may be denied access to the District's computers, the District's computer network systems, and the Internet. Students will be instructed by the District's technology coordinator or other appropriate personnel on the appropriate use of the District's computers, computer network systems, and the Internet.

The following are rules for appropriate use by the District's students of the District's computers, computer network systems, and the Internet:

- -Do not make offensive or harassing statements or use offensive or harassing language including disparagement of others based on their race, national origin, sex, sexual orientation, age, disability, religious or political beliefs.

educational, and other considerations observed regarding other forms of communication.

- -Do not transmit your credit card information or other personal identification information, including your home address or telephone number from any District computer.

- -Do not use, possess or attempt to make or distribute illegal/unauthorized copies of software. Illegal/unauthorized software means any software that has been downloaded or copied or is otherwise in the user's possession without the appropriate registration and/or license for the software, including the payment of any fees to the owner of the software.
- -Do not alter, modify, corrupt or harm in any way the computer software stored on the District's computers or computer network systems. Do not install any software on the hard drive of any District computer or on the District's computer network systems or run any personal software from either floppy disk, CD-ROM or other storage media or alter or modify any data files stored on the District's computers or computer network systems without prior permission and supervision from the technology coordinator or other appropriate personnel.
- -Do not download any programs from the Internet without prior permission from the District's technology coordinator or other appropriate personnel. Any programs downloaded from the Internet shall be strictly limited only to those that you have received permission from the technology coordinator or other appropriate personnel to download.

Vandalism is defined as any attempt to harm, modify, deface or destroy physical computer equipment or the computer network and any attempt to harm or destroy data of another user. All users are expected to immediately report any problems or vandalism of computer equipment to the administration, the technology coordinator or the instructor responsible for the equipment.
- -Do not commit or attempt to commit any act that disrupts the operation of the District's computers or computer network systems or any network connected to the Internet, including the use or attempted use or possession of computer viruses or participation in hacking or other unlawful/inappropriate activities on line. Users must report any security breaches or system misuse to the administration or technology coordinator.
- -Do not demonstrate any security or other network problems to other users; give your password to another user for any reason; and/or use another individual's account.
- -Do not attempt to log on to any device as a system administrator.
- -Do not use the network in such a way that you would disrupt the use of the network by other users or would waste system resources (e.g. listening to Internet radio, printing web pages without prior permission from the technology coordinator or other appropriate personnel).
- -Do not use the District's computers and/or computer network systems for any commercial or for-profit purposes, personal or private business (including but not limited to shopping or job searching), product advertisement or political lobbying.
- -Do not use the District's computers, computer network systems, and/or the Internet to transmit any material in violation of any federal or state law, copyrighted material, obscene material, hate literature, material protected by trade secret, computer viruses, offensive material, and/or any threatening or harassing materials. If a user encounters potentially inappropriate information, the user shall immediately terminate contact with such information and notify the technology coordinator or other appropriate personnel of the contact with inappropriate information.
- -Do not plagiarize information accessed through the District's computer, computer network systems, and/or the Internet. Students shall obtain permission from appropriate parties prior to using copyrighted material that is accessed through the District's computer, computer network systems, and/or the Internet.

Although reasonable efforts will be made to make sure students will be under teacher supervision while on the network, it is not possible to constantly monitor individual students and what they are accessing on the network. Some students might encounter information that may not be of educational value and/or may be inappropriate. If a student encounters such information, the student should terminate access to the information immediately and notify the student's teacher or other appropriate personnel of what occurred.

Students will be able to access the District's computers and computer network systems, including use of the Internet, through their teachers and/or other appropriate supervisors. Individual electronic mail addresses will be issued to students. Students will not be allowed to use e-mail except under very specific, limited educational circumstances. If a student has an electronic mail address that has been set up outside of school, the student will not be permitted to access that e-mail account or use that address to send and receive mail at school.

Parents will be required to sign a permission form to allow their students to access the District's computers, computer network systems, and the Internet. Students will sign a form acknowledging they have read and understand the District's policies and regulations regarding appropriate use of the District's computers and computer network systems, that they will comply with the policies and regulations, and understand the consequences for violation of the policy or regulations. Prior to publishing any student work and/or pictures on the Internet, the District will obtain written permission from the student's parents to do so.

The District has the right, but not the duty, to monitor any and all aspects of its computers, computer network systems, and Internet access including, but not limited to, monitoring sites students visit on the Internet and reviewing e-mail. The administration and the technology coordinator shall have both the authority and right to examine all Internet activity including any logs, e-mail, computer disks and/or other computer related records of any user of the system. The use of e-mail is limited to District and educational purposes only. Students waive any right to privacy in anything they create, store, send or receive on the District's computers and computer network systems, including the Internet.

No warranties, expressed or implied, are made by the District for the computer technology and Internet access being provided. The District, including its officers and employees, will not be responsible for any damages including, but not limited to, the loss of data, delays, non-deliveries, misdeliveries or service interruptions caused by negligence or omission. Individual users are solely responsible for making backup copies of their data. The District also is not responsible for the accuracy of information users access on the Internet. Any risk and/or damages resulting from information obtained from the District's computers, computer network systems, and/or Internet access is assumed by and is the responsibility of the user.

Students and parents may be asked from time to time to sign a new consent and/or acceptable use agreement to reflect changes and/or developments in the law or technology. When students and parents are presented with new consent and/or acceptable use agreements to sign, these agreements must be signed for students to continue to have access to and use of the District's computers, computer network systems, and the Internet.

The interpretation, application, and modification of this policy are within the sole discretion of the North Linn Community School District. Any questions or issues regarding this policy should be directed to the Superintendent, any building principal or the technology coordinator. The Board of Directors will review and update this policy as necessary.
